Mrs. Collinson delivers in a petition of appeal from a judgm^t^. in y^e^. Mayors Court in favour of S^r^. John Bennett.

Jane Collinson Executrix of her former husband Richard Cary and Attorney to her present husband James Collinson delivers in a petition of appeal from a judgment this day given in the Mayors Court in favour of S^r^. John Bennett, desiring her cause may be reheard before this Board, and that she shall readily abide by their determination.

the follow^g^. ꝑtic^lrs^. offerd by y^e^. Presid^t^. to consideratn.

The President offers the following particulars to be considerd by the Board.

that he looks upon himself to be a ꝑty. as being one of y^e^. Execut^rs^. to Cathr^e^. Nicks dec^d^. who has a demand of y^e^. like nature.

That he reckons himself a party concernd in this cause as being one of the Executors to the last will & Testament of Catherine Nicks dec^d^. for whose Estate there is the same demand upon S^r^. John Bennett for a res[p^tia^.] bond on the same ship and voyage, & Catherine Nicks in her life time having sued S^r^. John Bennett joyntly with Jane Collinson and others concernd, whatever judgment given at this Board would affect the case of Catherine Nicks as well as that of Jane Collinson, and therefore he thinks he cannot in conscience sitt as Judge.

——*FORT ST. GEORGE, JANUARY 1712-13*——

that Mr. Davenport having a resptia. bond on ye. same voyage, cannot fairly sitt in judgmt. where his interest is so nearly concernd.

That Henry Devenport having a demand upon Sr. John Bennett in the same case for a resptia. bond on the same voyage, and having been one of the joynt Complainants in an action formerly enterd against Sr. John Bennett in the Mayors Court upon the same case, cannot in the Presidents opinion fairly sitt in Judgment where his own interest is so nearly concernd.

that Mr. Warre being one of Mrs. Nicks trustees, & owning to have in a mannr. directed this suit, has made himself a ꝑty. & cannot fairly sit as Judge.

That William Warre being one of the Trustees to the Estate of Catherine Nicks who in her life time did likewise sue joyntly upon this cause in the Mayors Court, and the said William Warre owning to have interposed in this late single action of Jane Collinson his sister enterd in the Mayors Court, and in a manner to have directed the suit has made himself a party and cannot fairly sitt as Judge.

that ye. Mayr. & 3 of ye. Aldermen being membrs. of ye. Board must abide by their formr. Judgment unless better reasons appear.

That the Mayor and three of the Aldermen being part of this Board have already given judgment for the Defendant, and are in honour & conscience oblig'd to abide by the said judgment, unless they can be convinced by better reasons than those that movd them to give the sd. judgment.

Agreed yt. ye. case cannot fairly be determind by ye. Board & yt. a state of it be drawn up & transmitted to England for some able Lawyers opinion of it.

Upon the whole it is agreed that this matter cannot fairly be determind by this Board, and a proposall being made that the depending case be fairly stated as to matter of fact, by some persons that shall be appointed for that purpose by the direction of this Board, & afterwards transmitted home to England to be laid before some able Lawyers & that Sr. John Bennett be oblig'd to abide by their determination.

whereas Sr. John Bennett is now bound on a voyage, we think he cannot be reasonably hinderd from proceeding on it.

And whereas Sr. John Bennett has been four months upon the shoar without any demand made upon him till now he is ready to proceed upon a voyage, any impediment in which may be of great detriment to his Estate, and having already been joyntly arrested in two actions in the Mayors Court, one of which was determind for the Defendant and the other droppd without prosecution, and now having been attackd singly by Jane Collinson and obtaind judgment in his favour, we think he cannot reasonably be hinderd from prosecuting his voyage.

[b]ut yt. he be obligd to give bond to stand by our determinatn.

AGREED that Sr. John Bennett do give bond before his departure to abide by what this Board and the learned Councill to whom the case is to be referrd shall determine upon perusall thereof.

some interrogatorys put to Sr. John Bennett at Mr. Davenports desire.

Sr. John Bennett being calld in at the request of Henry Davenport & William Warre was interrogated as follows.

Q.—Whether he enterd into no manner of contract of commerce with the English at Madagascarr.

A.—No.

Q.—What he did with the goods he carryd with him.

A.—The Pyrates made him & the Master prisoners ashoar, and went off & took the goods, but in consideration of them put aboard Dollars wch. they upon second thoughts afterwards seizd.

——*FORT ST. GEORGE, JANUARY 1712-13*——

The President acquainting the Board he has receivd advices that the second French ship is not yet arrivd at Pontichery, and that the other will sail in three or four days for Europe

the Presidt. acqtg. ye. Board yt. ye. 2d. French [ship] is not yet arrd. Pontichery & yt. ye. othr. will sail for Europe in 3 or 4 days.

Agreed that the Howland be detaind here till we have certain advices of her being gone, and that the Marlbrô do proceed in Company with her to Fort St. David for the greater security in case the second ship shoud drop in.

the Howland to be detaind till we hear she is saild & ye. Marlbrô to go in Compa. with her to Ft. St. David.

Capt. Samuell Lewis of the Howland calld in and acquainted by the President that we have more than a sufficient number of bales ready to compleat his Loading by the time limited in Charterparty, but that much the greater part of them being at Fort St. David there is an absolute necessity for his proceeding thither to take them in, that we are ready to dispatch him but as there is a French ship of fifty guns & four hundred men riding in Pontichery road ready for any desperate attempt rather than to return home tor Europe empty and disappointed and having good assurances that he will sail in very few days, we are of opinion that we ought not in prudence to risque the ship, and what she will carry from hence because the Charterparty time happens to be so near expird, and the Captains opinion being askd concerning going down at this juncture, he replyd that he thought it no way advisable to hazard the ship and Cargo at this time, but rather to wait till the enemy is said that he shall not insist upon his dispatch by the time limited in consideration of the danger that will attend both ship and Cargo, but hope this proceeding would not take away his title to Demorage.

Capt. Lewis acqtd. wth. ye. danger he must be in shou'd he proceed to Fort St. David before ye. French ships sail from Pontichery, he readily agrees yt. it is no way advisable but hopes his staying some days longer yn. his Charr. Pty. time will not take away his title to Demorage.

To which he was answerd that our Honble. Masters have always done the Owners justice in cases of the like nature, and we make no doubt but his will meet with the same equitable usage.

to wch. he was ansd. yt. he need not doubt of justice from our Honble. Mastrs.

In obedience to your command I have very carefully surveyd the Fortifications & Buildings at Fort S^{t}. David and Cuddalore & humbly offer to your Hon^{r}. &c^{a}. the following report of their condition.

The Fort itself remains still unfinished on the East and South sides & there is only one room of the house left standing the rest having fallen down in the late violent rains. The Lodgings in which the Comp^{us}. Servants reside are very bad and the Terrass likely to fall in upon them. The walls are crack'd in severall places, their powder magazine, Gunroom & Armoury (being all arch'd work) have very much given way and are now propd up to keep them from tumbling down, the Doctors Lodgings very much crackd in severall places, the barracks for the soldiers and prisons in a very bad condition, as are also all the Godowns and outhouses.

At Cuddalore the new Factory is so decayd that it is not habitable and the upper lodgings of the old are at present propd up, but must be pulld down to prevent their falling thô the lower rooms may perhaps stand two or three year longer about fifty foot of the wall of Cuddalore Town near the Braminy gate is tumbled down, being but a brick and half thick, & wants to be new built for about the length of four hundred yards.

That Messrs. William Martin & Richard Hunt undertook this affair a very little while before the Presidents arrivall and stated the Merchts. accot. by examination of the Generall and Warehouse books, or at least they pretended so, and afterwards when the four persons abovementiond were appointed to examine this affair they only revisd the said accot. and took care that it agreed with the Generall books, not having then time to go thrô the Warehouse accots., but the Merchants not allowing the charge of sixteen thousand four hundred twenty three Pags. thirty two fanams and four cash and the Conicoply offering his oath that Colloway Chitty had never paid for six chests of silver amounting to fourteen thousand two hundred and nine Pags. twenty fanams, and that the same was part of the sixteen thousand four hundred twenty three Pags. thirty two fanams & four cash aforesaid, it was agreed that the accot. should be stated in the manner they then reported it, which they did not offer as matter of fact but as a supposd accot. upon the best light they could then gett into the matter, and since it do's not appear so plain to the Board by placing one article under another, they now beg leave to state it by way of Dr. & Cr. as follows.

and this was then offerd to the Board for a further inspection as ℔ Consultn. of the same date will appear.

They further add that the consternation Colloway Chitty seem'd to be in his varying and shifting in his answers and the Conicoplys offering his oath (who was not then known to be the villain he now appears) induced them to believe the six chests of silver were unpaid for, till they since came to examine thorôly into the Warehouse accots. which they hope is a sufficient excuse for their having sett their hands to a report so farr different from what lies now before the Board.

HONBLE. SR. &A,

THOS. FREDERICK.

FORT ST. GEORGE
JANRY. YE 31st 1712/13.

TO THE HONBLE. EDWARD HARRISON ESQR.
PRESIDT. & GOVERNR. OF FORT ST. GEORGE &CA. COUNCIL.

HONBLE. SR. &CA.

Pursuant to an order of Consultation dated the 13th. of Novembr. we have in presence of the Honble. Governr. spent many days in endeavouring to find out whence the difference arises between the joynt stock Merchts. accot. Currt. as they state it, and as it stands now in our Generall Books, and thô we have [not] met with all the success we hopd for, we have discoverd so much as to be able to lay before yor Honr &cs. severall omissions and ill practices both in the Warehouse and Generall books, that will give you a tolerable good light into this troublesome affair, which should have been done much sooner had we not met with unexpected difficultys that took us up more time than we could have imagind.

First we must take notice that when Thomas Wright deliverd up the Warehouse to Mathew Empson which was in Augst. 1706, all accounts were adjusted between the joynt Stock Merchants & the Warehouskeepr. and the ballance due from the Merchants being five thousand one hundred thirty five Pags. twenty nine fanams & three cash was paid into Consultation the 24th. of Oct. following, and consequently we have no occasion to look further back than to that time.

— *FORT ST. GEORGE, FEBRUARY 1712-13* —

We have annexd a schedule hereto in which we have stated first the joynt stock Merch^{ts}. acco^{t}. Curr^{t}. as it stands in our Generall books from the time that Mathew Empson commencd Warehouskeep^{r}. in Augst. 1706 by which they appear to be indebted upon ballance Pag^{s}. eight thousand six hundred and twenty seven, twenty two fanams, secondly we have taken the joynt stock Merch^{ts} acco^{t} with Mathew Empson Warehouskeep^{r}. as stated and kept by themselves to which acco^{t} they own to be indebted upon ballance five thousand six hundred eighty nine Pag^{s}. twenty one fanams and one Cash, and thirdly we have taken their acco^{t}. Curr^{t}. with the Hon^{ble}. Comp^{a}. as they have stated and kept it all along, in which they allow Pag^{s}. five thousand six hundred eighty nine, twenty one fanams and one Cash due to the ballance of their acco^{t}. with Mathew Empson Warehouskeep^{r}. and accordingly bring the same to the Companys credit as the said acco^{t} will make appear the ballance whereof is Pag^{s}. one hundred & two and one fanam, which they own to be indebted to the Company and no more, so that the difference between their acco^{t}. as they state it, and their acco^{t}. as it stands in the Generall books is Pag^{s}. eight thousand five hundred and twenty five & twenty-one fanams.

The forementiond difference plainly appears to arise from an erroneous entry made by M^{r}. Richard Hunt then Accompt^{t} in the Generall books whereby he discharges Mathew Empson Warehouskeep^{r}. of Pag^{s}. sixteen thousand four hundred twenty three thirty two fanams & four cash, by debting the joynt stock Merchants upon an adjustment of the books, with no other authority than the Warehouse Conicoplys word that they were indebted so much, without enquiring into the particuculars or acquainting the Merchants therewith, this charge they utterly deny and only admit of Pag^{s}. five thousand six hundred eighty nine, twenty one fanams and one cash, as beforementioned, which we shall have occasion to say more of in a following paragraph.

We are sorry to acquaint yo^{r}. Hon^{r}. &c^{a}. that we cannot find by any acco^{t}. Curr^{t} book or loose papers that ever any acco^{t}. has been made up with these joynt stock Merchants from the beginning of Mathew Empsons coming into the Warehouse till we first went upon it since the Hon^{ble}. Presid^{ts}. arrivall, thô it ought always to have been done monthly by the Warehousekeep^{r}. and annually by the accomptant when the Generall books were ballanced, and this inexcusable omission in the Warehousekeep^{r}. & Accomptant together with the puzling method in which Empsons Warehouse acco^{ts}. were kept by the Conicoply (for he did *nothing* himself) have made it impracticable to trace the said acco^{ts}. so as to discover exactly where or on whom to fix the difference between the Merch^{ts}. acco^{t}. as they state it and the Generall books, for as Mathew Empson Warehouskeep^{r}. all along debts himself for what goods and treasure deliverd the Merchants out of the Warehouse, as sold by him promiscuously with what he sold other people and never kept any acco^{t}. wth. the Merchants as we can find, it is very reasonable to inferr from thence that what ever the Merchants had from him was to be paid for in ready mony and more particularly the silver, yet we find by the Merchants Accounts as well as by the Warehouse books that they have often made payments in Callicoes.

NOW if a man debts himself for goods and silver sold as for ready mony at the same time do's not sell them for ready mony, but delivers them to the Merchants and takes Callicoes in return may be three or four months after he has debted himself, and keeps no acco^{t}. apart between him and the said Merchants, but leaves all to a Conicoply to manage just as he pleases, which way can it be possible for the best Accomptant in the world to unravell such misteries five or six years after an error has happend, and there is but too much reason to suspect that this unfair method was introduced the better to conceal those ill practices of the Conicoply that have lately been discoverd, of which more will be said hereafter.

M^{r}. Richard Hunt being examind by the President and others before his decease concerning the forementiond article of sixteen thousand four hundred & twenty three Pag^{s} thirty two fanams & four cash, how he came to charge the Merchants with it and what were the particulars, replyd that coming to ballance the

— *FORT ST. GEORGE, FEBRUARY 1712-13* —

books Anno 1709 in some hurry because the ships were ready to sail, he enquired of Tonnapa the Conicoply who the persons were that ow'd Mathew Empsons ballance of nineteen thousand four hundred twenty three Pag^{s}. twenty eight fanams, to w^{ch}. he answer'd the joynt Stock Merchants were indebted sixteen thousand four hundred twenty three Pag^{s}. thirty two fanams & four cash upon which M^{r}. Hunt immediately chargd them with that sum without enquiring into the particulars.

Tonnapa the Conicoply being strictly examind sooh after the Hon^{ble}.Govern^{rs}. arrivall about the particulars of this charge, for a long time pretended that he could not call them to mind, but was sure the Merchants owed it at that time at last with much ado he produced a fictitious acco^{t}. out of his own head, without any vouchers and no way to be comprehended, only there is one article in it worthy yo^{r}. Hon^{r}, &c^{as}. notice which is Pag^{s}. five thousand one hundred fifty four, & nine fan^{s}. for copper sold the Merchants, which he pretends is part of the sixteen thousand four hundred twenty three Pag^{s}. thirty two fanams & four cash, but it appears that they are debted for the same article before in the Generall books as you may please to observe in the annexd acco^{t}. Curr^{t}.

Another pretence of Tonapa was that six chests of silver sold Colloway Chitty one of the joynt stock Merch^{ts}. by Mathew Empson Augst. 1706 were unpaid for by the said Colloway Chitty to this time, as having been supposd to be for acco^{t}. of the joynt stock Merch^{ts}. and omitted to be chargd to them in the Generall books this seemed to us at first very plausible, and we had recourse to the Warehouse acco^{ts}. in hopes to fix this sum upon a person well able to pay it, but found the matter of fact to stand as follows.

Mathew Empson commencing Warehouskeeper in Augst. 1706 sold a parcel of silver and debts himself for it to the amount of Pag^{s}. seventy one thousand four hundred fifty five and twenty four fanams in which parcel were the six chests sold to Colloway Chitty which amounted to fourteen thousand two hundred and nine Pag^{s}. twenty fanams, at the latter end of the month of May following the ball^{e}. due from the Warehouse was no more than Pag^{s}. seven thousand six hundred & five thirty three fanams & seventy four cash, which plainly makes appear that there could not be six chests of silver unpaid for, and to the best of our judgments that ballance is for goods sold out of the Warehouse between Augst. and May for w^{ch}. the Warehouskeep^{r} likewise debts himself, and 'tis very probable the Conicoply might receive the mony and never pay it in.

The remainder of Mathew Empsons ballance becomes due as follows to the best of our judgment.

In the months of June and July goods were sold out of the Warehouse and no mony paid in to the amo^{t}. of as much as raisd the ballance to Pag^{s}. ten thousand six hundred & twenty, one fanam & seventy nine cash.

In the month of August the Europe shipping being arrivd thirty seven chests of silver were sold amounting to Pag^{s}. eighty nine thousand three hundred forty seven, one fanam & ten Cash which were paid for in the mann^{r}. following.

beginning of Janr^y^. 1707/8 Mathew Empson died leaving a ballance due at the close of Decembr^r^. month Viz^t^. Pag^s^. nineteen thousand four huudred twenty three & twenty eight fanams, which we remark to have become due as follows.

We must beg leave to remark further that the forementiond ballance of Empsons stood upon the Books without any enquiry or alteration from the 8^th^. Janr^y^. 1707/8 the time of his death till the ballance of books Letter G ending in April 1709 but not closd till Decembr^r^. following which was twenty three months, althô there is an order of Consultation dated the 8^th^. of Janr^y^. 1707/8 for William Martin & Rob^t^. Raworth to make up Empsons acco^ts^. and report the ballance which we think should inferr reporting from whom that ballance was due, to our great surprize we do not find the affair so much as mentiond in any of the ensuing Consult^n^.

We should tire your patience in enumerating all the omissions & negligences that we have met with in the Generall books and Warehouse acco^ts^. since we have been upon this enquiry but we must say in generall that they have been kept in so loose a manner, as to give the Conicoply an opportunity of puzling matters to cloak all the roguerys he has committed, beyond a possibility of proving the fact upon him.

This is a plain and impartial state of the case as it appears to us, Mathew Empsons acco^t^. is dischargd under the hand of the Accomptant of the sum̃ of Pag^s^. sixteen thousand four hundred twenty three, thirty two fanams and four cash, the joynt stock Merchants are chargd with the same sum, by the same hand upon the Conicoplys word only without any particulars, and without being advisd thereof at the time it was done, the Conicoply that chargd them cannot even now make out the particulars, but has been found to vary and shift and charge them double as in the article of the copper, the Merchants own all they stand chargd with in the Warehouse acco^ts^. and a great deal more, and we have no objections against any article they charge us with, and therefore we humbly offer it as our opinions.

That Tonapa having the sole power of the Warehouse and everything in it intrusted to him by Mathew Empson as well as the stating and keeping of all the acco^ts^. did give in the charge of sixteen thousand four hundred twenty three Pag^s^. thirty two fanams & four cash upon the Merchants at a venture to conceal what money then lay in his own hands, and has never been since paid in, and we are the more confirmd in this opinion by the vile practices of the same nature already provd upon him in the times of William Martin & Robert Raworth Warehousekeep^rs^. to a much more considerable amount as well as by his impudently acknowledging that the residue of Empsons ballance being Two Thousand eight hundred forty six Pag^s^. thirty five fanams & five cash is due from himself, but as we have said before this matter is not capable of being fully provd, all which is humbly submitted to your Hon^r^. &c^as^. consideration. We are.

This morning being appointed to view the Fort S^{t}. David goods of the last Contract that came upon ship Marlbrô severall bales of each sort were opend and the following observations made.

Fort S^{t}. David cloth viewd.

—— *FORT ST. GEORGE, MARCH 1712-13* ——

Ordry. Long Cloth & Sallamps. bettr. yn. last year but farr inferior to mustr. & very unevenly sorted.

The ordry. LONG CLOTH & SALLAMPORES something better than last year but farr inferior to muster, very unevenly sorted, a great many peices full of holes and darns, and some places so rotten as to tear like paper, most of which were sorted by Mathew Weld, and the whole quantity very ill wash'd and not half cured, a great deal of sand being lodgd between the folds, which when the bales came into the screws frets and damages the thread of the cloth.

midling Long-cloth & Sallamps pretty good but ill wash'd

The midling LONG CLOTH & SALLAMPORES pretty good but very indifferently wash'd.

fine Long Cloth & Sallamps. very well washd, wch. shows they can wash well if they please.

The fine LONG CLOTH & SALLAMPORES well washd wch. shows that it is not the fault of the water but the washers, that can perform well if they please of an even well struck thread but not so fine as the muster.

Oringall Beteelas quite anothr. sort of cloth.

The ORINGALL BETEELAS (as they call them) are quite another specie of goods, the thread being different resembling those of forty and fifty coveds made at Conjaveram.

severall errors in ye. package.

Severall errors and omissions in the package, the Cotton being put next to the cloth, that should be between the surplice and the waxcloth, severall wrong numbers upon the bales, and the two first Letters of the Sorters names omitted.

The Pticlrs to be represented to Ft. St. David in a Genll. Lettr.

AGREED that the abovementiond particulars be represented to Fort St. David in a Generall Letter.

yt. ill washd cloth to be put to ye. washers such ps. as are found to be damagd reserved for a furthr. survey.

ORDERD that the Warehousekeeper do immediately put the cloth that is not well cured to the washers to be new done, and that all such peices as are found to be damag'd and to have holes and darns in them to be kept apart for a further Survey.

The beams of the garden house being decayd & rotten

The President acquaints the Board that Thomas Way Surveyor of the buildings having opend the ends of the beams of the Garden house, which were laid in Agent Master's time, they appear to be so decayd and rotton that they do not bear above half an inch upon the wall, so that the roof is in great danger of falling in.

ORDERD that the said Garden house be fully repaird, and that the Storekeeper do provide timber proper for that use when the Pegu ships arrive.

A Lettr. from Mr. Baker read desiring ℔missn. to come hithr. wch. is agreed to wn. he has setled his accots.

A Letter from Philip Baker at Fort St. David to the President read, wherein he desires he may have permission to come up hither which is agreed to, provided all his accts. are setled with the Honble. Company and others.

The joynt stock Merchts. calld in & put in mind of their promise of 5 ℔Ct. abatemt. to wch. they make severall objectns. but were told they must comply with their promise or we would oblige them thereto. Their greatest complaint is yt. they shall suffer considerably by ye. broad cloth in wch. the Board thot. fit to promise ym. all mannr. of favour.

The joynt stock Merchants calld in and put in mind that they promisd an abatement of five ℔ cent upon twelve hundred bales which they are to provide between the dispatch of the Howland and October next, to which they made severall objections after pretending that they have quite forgot any such promise, but the President declaring that he had their firm promise both joyntly and severally, and at severall times that he has discours'd them upon the same subject, and it being further considerd that their word ought to be as good as their bond, because they have of late years refus'd to sign any Contract, on pretence of their not being sure to comply with the quantity they were acquainted that they must proceed without loss of time upon the forementiond terms, or the Board will think of some method to oblige them thereto, their greatest complaint is that they are like to be very considerable sufferers by the Broadcloth, of which they have now four hundred bales upon their hands, and no manner of vent into the country by reason of the great troubles and revolutions in the Government that have lately happend, upon which the Board thought fit to promise them all manner of favour & countenance as to the manifactures for the future, but could not recede from the terms of five ℔cent abatement.

Fort St. David Paymastrs. accots. considerd & r ferrdto the accott. for examinatn.

The President produces a perwanna from the Suba Sadatulla Cawne wherein he demands by virtue of an ordèr from Court that the Nauvajee Collector of Zulphaker Cawnes revenues in this Cornatta Country (who came down hither upon the beginning of the late troubles for the security of the Treasure under his charge) be deliverd up with the said Treasure into the hands of Tire Cawne his Dep^ty^. HON^{BLE}. S^{R}. &C^{A}.

Having carefully examind all the standing orders as they have from time to time been given from this Board to the Officers of the Custom house for their guidance in stating and collecting that revenue; in obedience to your commands I am now to lay before you the remarks I have made during the short time I have acted in that employ, such as I humbly conceive require some regulation more especially the method in which those acco^{ts}. have hitherto been kept.

When first I came into that Employ I found their Diary to be no more than a memorandum book, kept in no manner of order, not having an entry therein to inform one what the Customs on that entry amounted to, so that the Register had no retrospect to the Diary, which ought to be the voucher for every respective entry in the Register, but on the contrary I perceive it has been always the practice of the person who had the making up of the Register to take it intirely from the Conicoplys Cajans, which has given them a large feild to wrong the Comp^{as}. in that Revenue, there being no regular acco^{t}. kept to check them.

In order to prevent such frauds to which this Revenue was subject by the loose method of their acco^{ts}. I have made the Diary to contain the whole Transactions of each day, placing every entry in due form with proper columns for the species of goods, their quantity or weight, the valuation, the amo^{t}. of such valuation, and then the Custom thereon carry'd into the innermost Column so that at the close of every month the person who draws out the Register may do it from the Diary without the assistance of a Conicoply, which Register and Diary must exactly agree in the summing up the Customs for each month, whereas on the contrary there has been no Coherence between these two books in the manner they have been lately kept, for some entrys in the Diary have not been brought into the Register till two or three years after their date, as has too often been instanced and 'tis very probable that many have been overlook'd.

From the Register book the Receiver of the Customs monthly draws out in a book apart, an abstracted acco^{t}. of every persons name that owes the Customs, which amounts to the foot of the Register for that month, and is a check both to the Diary and Register, which book is kept in such a method that at one view may be seen who has not paid their Customs, and how long they have been due, which three books contain the material buisness of that Office, and I now lay them before yo^{r}. Hon^{r}. &c^{a}. for such further regulations as you shall think fit.

And whereas it has hitherto been practic'd for the Receiver to deliver out no entry of Customs only to the Europeans, by which means the Conicoplys have had an opportunity in rating the black inhabitants at their pleasure, and for any check that has been upon them 'tis likely some have paid nothing at all; your Hon^{r}. &c^{a}. were pleasd to recommend it to me (which I presume you will make a standing order) that the Receiver shall draw his notes not only for the English but also for the black inhabitants and strangers frequenting this Port, and that whatever person shall pay

FORT ST. GEORGE, MARCH 1713

his Customs to any Conicoply or other black servant officiating at the Sea gate without such note, he shall be liable to pay the same again if not found to be enterd n the Receivers books.

As I have already represented to this Board the inconveniencys of pressing the Merchants to a prompt payment for their Customs w^n^. they meet with a dead market for their goods, you have been pleasd to ease them in that point, provided they give heir notes for the same and considering the few hands we have for dispatch when shipping come in quick upon us I humbly offer it to yo^r^. Hon^r^. &c^a^. that for the better expedition, it may be a sufficient warrant for the Receiver if he takes a promissary note upon the back of his bill of Customs in these words or to the like purpose.

" I promise to pay the contents of the withinmentiond bill of Customs in one month after the date hereof.["]

Had the standing orders from this Board been duely observd there had been no occasion for these remarks, among the many I shall instance one which I beleive has not been minded for these severall years past & is a very materiall one it is that the Receiver shall carefully compare the Register with the Day book before he draws his acco^t^. from them and that he enters his declaration that he has so compared them in the Register at the end of every month, but then it must not be in the manner as I find some have done, purely for form sake and to impose upon the Board when it plainly appears they never look'd into the day book, these are the cheif remarks I have been able to make worth your notice, which I humbly offer to yo^r^. Hon^r^. &c^a^. for further amendmen^t^. being.

upon examination of the foregoing acco^{t}. we find an article of four hundred and eight Pag^{s}. fourteen fanams Extraord^{ry}. for two months pay to the Bengall Party that came upon ships London, Mary & Derby.

the stewards accots. examind & found to run high & ye. prest. steward declaring he cannot lessen it,

Likewise upon perusall of the stewards acco^{t}. of provisions diet and stores laid in, and a strict scrutiny into the particulars of the daily Expence, we find that notwithstanding all the pains we have taken at severall times to reform this Expence since the present Govern^{rs}. arrivall we have not been able to succeed, the present steward declaring that he is not able to do it at less charge, thô he has been upwards of two year in the Employ.

this put us upon considering that there is one here who was steward undr. Govr. Pitt. when ye. managemt. appears to be frugal.

This put the Board upon considering that there is a person here who was steward under Govern^{r}. Pitt; at such time as there appears a very thrifty and frugall management upon the books, and there being no person among all the Factors and Writers by whom we can hope this buisness will be so well manag'd as by one that has had so much Experience thô many of them may be very fit for other Employs,

Agreed yt. Henry Spackman be steward upon tryal, to be continued it by his good managemt. he lessens ye. expence.

AGREED that Henry Spackman do take charge of the stewards Employ upon tryal, to be continued according to the proof he gives us of his good management by lessening the Expence and nothing should have put us upon this Extraord^{ry}. method but the impossibility of complying with the Hon^{ble}. Comp^{as}. orders for retrenching the Expences by any other way we can think of.

which is to be represented to Bombay.

Presid^{t}. produces a Pwanna from the Nabob to demand our three villages.

The President produces a Perwanna from the Nabob Sadatulla Cawne, wherein he requires the three villages of Egmore, Persiavauc & Tandore to be deliverd up, as having been granted us by Zulphaker Cawne out of his Jaggeir which is now orderd by the king to be reassumd.

Agreed y^{t}. we do insist on our right to sd. villages & promise a small matt^{r}. of a present to have no furth^{r}. trouble abo^{t}. 'em.

AGREED that we do insist on our rights in the said Villages as having been given us on acco^{t}. of our good services to the king at the seige of Chingy, that a civil letter be wrote the Nabob to avoid trouble if possible, and that orders be given to Sunca Rama now in the Camp to promise a small matter of a present, if he finds that thereby we may remain in quiet possession without any further disturbance.

The forementiond Perwanna and the answer to it are as follow:

——*FORT ST. GEORGE, MAY 1713*——

FROM NABOB SADATULLA CAWNE.

I lately receivd a Perwanna from Nabob Gusdeen Cawne with his seal affixd thereto, wherein he acquaints me that he has the Decan Country & Phousdarship of the Cornatta Golcondah Countrys appointed him, and that the Jaggeirs of Cawne Bahawdir dec^{d}. are likewise made over to him, that he confirms me in the Phousdarship of the Pahingaut Cornatta Country as his Dep^{ty}. with the same priviledges I formerly enjoyd, he also orders me to seize upon all the Jaggeirs of the dec^{d}. Cawne Bahawdir, which is the occasion of my writing you this to acquaint you that Elumbore &c^{a}. villages are made the Jaggeir of said Nabob Gusdeen Cawne, wherefore I would advise you to permit Yeavellapah Muddelaree to take quiet possession thereof, which (as we have a freindly correspondence together) I hope you will readily acquiesce to, without breaking our friendship and losing the good esteem of Nabob Gusdeen Cawne, what can I write more.

TO NABOB SADATULLA CAWNE.

Last night I was hon^{d}. with your Excellen^{cys}. perwanna and observe the contents, the favours I have receivd from your Excell^{cy}. since my arrivall to the Government of this place have lain me under so many obligations that I cannot express the joy I felt upon reading the welcome news of your Excell^{cys}. being confirmd by the new Nabob Gusdeen Cawne in all those honours, preferments, and priviledges w^{ch}. you have formerly enjoy^{d}. Your Excellen^{cys}. consummate experience in the Government of these parts give you a just title to continue in it, and Gusdeen Cawnes great wisdom is very apparent in the prudent choice he has made, may the great God of Heaven heap still more blessings upon your head, and make you great in the favour of the new king Furrackseer.

I make no doubt but by the favour of yo^{r}. Excell^{cys}. kind intercession, and the remembrance of our former services during the warr of Chingy, so largely sett forth in our Neshawn from Cawne Bux a person of Gusdeen Cawnes generous temper will permit us to remain in quiet possession of our three villages, which we have enjoy'd so many years without interruption, and which yo^{r}. Excell^{cy}. well knows were given us in consideration of the great supplys of ammunition &c^{a}. sent up to the Camp of Cawne Bux, as well as severall considerable presents made to a much greater amount than the three villages were worth.

If your Excell^{cy}. approves it I am ready to send away a proper Vackeel to congratulate Gusdeen Cawne as soon as he arrives in any part of his Government and as I said before if your Excell^{cy}. continues your friendship I shall not doubt of success from the great esteem he has of your judgment and merit, and in the meantime I hope you will let us remain in quiet possession of our former priviledges: Our present of a very considerable value is now ready in Bengall to sett out by way of Patna in order to be laid at the new kings feet, who is so renown'd for generosity and justice, and has express'd so many kindnesses to our Nation for the sums we advanced him at Patna when he was upon his march to Agra, that I dare hope he will both confirm and add to our old priviledges, in which I must greatly depend on yo^{r}. Excell^{cys}. assistance with Gusdeen Cawne and wishing you all the blessings of earth and Heaven what can I say more.

The case of appeal by Capt. Edward Bell from a judgment in the Mayors Court, taken into consideration, and the said appeal read as follows.

The case of Capt. Bell & the two Armens. stated & debated.

To the Honble. Edward Harrison Esqr.
Presidt. & Governr. of Fort St. George &ca. Councill.

The petition of Edward Bell

Humbly Sheweth:

That your Petitr. took up of Don Estevão Aquinha in Manilha the sum of three thousand Dollars at resptia. at thirty five ℔ Cent for this place and Manilha, but not returning himself at the departure of the Chindadre, he lent Owannes Avet Jehoiakim de Gregorio, & Surhaud, one thousand eight hundred and eighty Pags. at resptia. on the said bottom at thirty ℔ Cent payable to the aforesaid Don Estevão in Manilha to whom he at the same time wrote a letter of advice of it and inclosing one of the bonds signd by Owannes Avet &ca. deliverd the same to Surhaud who proceeded on the ship & was to discharge it in Manilha, the other two being then present, your Petitr. also wrote another letter of advice by the same ship, which he deliverd to another person who deliverd it safe to Don Estevão by vertue of which upon the arrivall of the ship Don Estevao made a demand of the aforementiond mony of the persons who receivd the effects of Surhaud who died in the Voyage, but they deny'd payment until the bond which had been deliverd to Surhaud should be produd, althô it was particularly enterd in Surhauds books, now Mr. Anthoy Barnewall having been bound for your Petitrs. due payment of this money at his making up his accots. with Don Estevão he deducted the said principall. & resptia. with eight hundred Dollars damage for not having recd. his mony in due time whereupon the said Barnewall protesting against the proceedings of these Executors of Surhaud, they paid him the principall and resptia. the night before his departure from Manilha, having detain'd the same near six months in their hands, but would not pay the said damage, wherefore as your Petitr. has been obligd to allow the same to Mr. Barnewall he made a demand of it of Awannes Avet & Jehoiakim de Gregorio, who refusing to pay it he enterd his action against them in the Worspll. Mayors Court, who were pleas'd to give judgment in their favour.

Wherefore yor. Petitr. has humbly made bold to appeal to yor. Honr. &ca. humbly requesting that you would please to take this affair into consideration & he as in duty bound

shall ever pray &ca.

The Mayor having deliverd his opinion as to the judgment pass'd in Court and the reasons that ruld them in the said judgment, the Defendants were called in and fully heard, and it appearing to us that the resptia. bond mentiond in the appeal (had it been produc'd in Manilha) was not due till two months and a half after the arrivall of ship Chindadre, which was some time after the Galleon saild, the Armenians can no way be accountable for any damages sustaind by the said mony not being paid in time to be made use of upon the Galleon, so that Capt. Bell is to seek redress in that particular from the person that wrongfully stop'd his mony for such notionall damages in Manilha.

——*FORT ST. GEORGE, MAY 1713*——

But then as it appears by these Armenians the Defendants own confession, that they sent letters by the S^{t}. Juan repeating their orders to discharge the bond which letters did come safe to their Agents hands sometime in Septemb^{r}. 1712, and M^{r}. Anthony Barnewall declaring that both he and Don Estevaõ Aquinha to whom the bond was payable offerd to give athentick discharges for the mony thô the bond was not forthcoming, which the Armenians do not deny, and further there being all the reason in the world to beleive that the bond was concealed by the Armenians, because it appears that the letter in which it was inclosd fell into their hands and that they knew what the said letter contain'd.

The intst. of 12 ℔ Ct. ℔ ann^{m}. allowd Cap^{t}. Bell from y^{e}. time of the S^{t}. Juans arrivll till y^{e}. bond was paid.

ORDERD that the Defendants do allow the interest of twelve ℔Cent to Cap^{t}. Edward Bell upon the principall and resp^{tia}. of the bond in dispute from the time of the S^{t}. Juans arrivall to the day that the mony was paid, and that the Secretary do deliver the said Armenians copy of this order.

Whsek^{r}. pays in 10000 Pag^{s}.

Henry Davenport Warehouskeep^{r}. pays into cash ten thousand Pag^{s}. acco^{t}. Silver sold.

Having rec^{d}. the Fort S^{t}. David Cash acco^{t}. for Ap^{ll}. by w^{ch}. we find Mr. Weld has not p^{d}. in his ballances.

Having receivd the Fort S^{t}. David acco^{t}. of cash for the month of April, whereby we find that notwithstanding our positive orders for M^{r}. Mathew Welds paying in the balances due upon his Paymast^{rs}. & storekeep^{rs}. acco^{ts}. by the last of April before the books were closed, yet there is no mony paid in on either of those acco^{ts}. thô they gave us firm assurances that our orders should be comply'd with.

Ord^{d}. y^{t}. he be suspended *ab Officio et beneficio.*

ORDERD that M^{r}. Mathew Weld be forthwith suspended *ab officio et beneficio*, that his acco^{t}. as present Paymast^{r}. be immediately made up and transmitted us, and that M^{r}. Rich^{d}. Harrison do officiate in that Employ till further order.

We find ourselves obligd to begin with examples of this nature, to show that we are not to be trifled with, and to deterr others in such like employments from converting the Companys mony intrusted in their hands to their own use.

——— *FORT ST. GEORGE, JUNE 1713*———

To the Hon^ble. Edward Harrison Esq^r. &c^a. Council.

S^rs.

I left Bombay the 10^th. of May last with orders to make the best of my way to Point de Galle and there lie till July and then proceed for Europe, I came off that place the 23^d. past, where meeting w^th. very strong currants & hard westerly winds were drove to Leeward, it was the opinion of my Officers not to beat up for it for fear of meeting with any French ships on the cruize (having advice of two being there) I bore away for this place, where design not to stay longer than is necessary. I am

Mess^rs. Frederick, Davenport & Benyon pursuant to an order of Consultation of the 1s^t. ins^t. deliver in their report concerning the Elizabeth Gallys voyage to the Coast of Java, together with severall depositions of the Captain and Mates in which they make oath that at the time of Arran Jones the Supra Cargos decease, which was before he had been at any unlivering Port, the bales belonging to the Cargo which were shipd aboard at Fort S^t. David and this place were all opend in the presence of the Captain and his officers, and an exact acco^t. taken of all the contents, which acco^t. they likewise deliver in upon oath, and thereby it appears that by short package a large quantity of goods were wanting to the amount of Pag^s. two thousand eighty seven twenty four fanams & one Cash.

Mess^rs Frederick Davenport & Benyon deliv^r. in their report of y^e. Eliz^a. Gally's voyage w^th. the necessary deposit^ns. upon oath by w^ch. it appears that a large quantity of goods are wanting by short package.

—*FORT ST. GEORGE, JUNE 1713*—

that y^e. whole managem^t. of the buisness rested in Jones.

Upon a further examination sufficient proof is made to this Board that the fitting of the vessell and providing the Cargo was left entirely to Arran Jones the Supra Cargo & Gunn^r. Atkinson who died before the buisness was done and so the whole managem^t. rested in Jones, who packd the goods, shipd them off and drew the Invoice.

that the amo^t. of goods wanting is abo^t. y^e. same sum as Jones's subscript^n. from whence 'tis reasonable to infer he nevr. p^d. it in.

It further appears upon examination, that the amount of goods wanting in the package is much about the same sum as Arran Jones was concernd in the stock, from whence 'tis reasonable to inferr that he never made good his own subscription, & severall other notorious frauds committed by the said Arran Jones in the outsett of the vessell having been brought to light since his decease the Board have thought it just to come to the following Resolutions.

Resolv^d. (y^e. numbr. of bales being [allr]ight) y^t. y^e. Cap^t. & Officers are acquitted.

That the number of bales mentiond in the bill of Loading being forthcoming, and no appearance that any goods were disposd of at Batavia or elsewhere by the Captain or Officers which did belong to the stock, the said Captain and Officers be acquitted.

that Jones not havg. p^d. in his subscribt^n. is not concernd in y^e. stock & therefore no benefit of y^e. divid^d.

That Arran Jones not having put aboard wherewithall to make good his subscription is no way concernd in the Stock & therefore that he be left out of the Dividend.

that y^e. Capt^n. be allowd 2 ℔ C^t. of y^e. Commiss^n & y^e. remains. 3 w^th. y^e. amo^t. of Jones's outcry to go to discharg^e. his resp^tis.

That the Captain be allowd two ℔ Cent of the Commission for his trouble, and that the remaining three ℔ Cent together with the produce of Arran Jones's Outcry be apply'd towards discharging his respondentia bonds.

Mess^rs. Frederick, Davenport & Jenings report that they have opend y^e. bulse of rubies deposited by Cojah Nicola & find y^m. worth little.

Mess^rs. Frederick, Davenport & Jennings report that they have opend y^e. bulse of rubies deposited by Cojah Nicola in the presence of some eminent Armenians, and find that they will fetch little or nothing.

Ord^d. y^t. they take an attestat^n. of y^e. same & sell y^m. for what they can get at Outcry.

ORDERD that they do take an attestation of the same signd by the Armenians before whom they were opend, and sell them for what they can get at publick Outcry.

We herewith deliver the acco^{t}. Curr^{t}. stated as it ought to be by which you may please to observe the sum of Pag^{s}. 15527 : 25 is enterd as the credit in the Generall books which we suppose was all the Accomptant cou'd note for want of the true Invoice.

The article of Pag^{s}. 1225: 26 is for sundrys chargd at the close of the Invoice said to remain, the particulars whereof are specified in the credit side of the acco^{t}. Curr^{t}. concerning which we desire yo^{r}. Hon^{r}. &c^{a}. to write the Worsp^{ll}. Robert Raworth Esq^{r}. they being in his possession as Warehouskeep^{r}.

That of Pag^{s}. 81: 2: 1 is for what short chargd in the Generall books, it appearing by the Invoice that the articles therein, are chargd at so much more than in the Generall books.

The last of two fanams for an error in Journ^{ll}. H page 38.

The ballance of Pag^{s}. 21: 12 arises from the difference between Pag^{s}. 32 overchargd in the Generall books & the article of Pag^{s}. 53: 12 underchargd in the Invoice.

In this whole affair M^{r}. Raworth was the principall, he receivd and paid all moneys and the whole was deliverd into his care and possession as Warehousekeep^{r}. so that whatever is wanting we presume him liable to answer for, we acting in no other respect than in approving or disapproving of what was bought in for the present.

HON^BLE^. S^RS^. &C^A^.

According to your Hon^r^. &c^ss^. order of Council bearing date the 25^th^. ult^o^. I have examind the books deliverd in by Mess^rs^. James Penrice, Edward Vane & Cap^t^. Harry Gough relating to the Strethams Cargo and offer you the following remarks.

1^st^. It is to be observ^d^. that the foot of their Invoice from Europe is £ 46568 : 6 : 7 whereas in the acco^t^. stock in the Journall page No. 1 it is enterd £ 46638 : 4 : 11 which exceeds Europe Invoice £ 69 : 18 : 4 and arises from

——— *FORT ST. GEORGE, JULY 1713* ———

their making a he[ad] of Canary to the same amount, which is included in the charge of the Invoice without making deduction of the £ 69 : 18 : [4] and which error occasions another in their N.B. wherein they s[ay] their bullion costing with charges £ 45360 : 14 : 1 makes that value of a Tale to come out at 7 : 3 : [*f.*] 3⅓ and something more herein they mistake the amo[t]. of the bullion which is no more than £ 45290 : 15 : 9 they having chargd it with the £ 69 [18 : 4] too much so that the Tale comes out nearest 7 : 3½.

2[dly]. They bring their whole quantity of bullion to the head of cash, whereas in my opinion its much better that the severall species thereof had different heads, whereby the loss or gain might appear upon every one apart, and the cash to have consisted [of] no other than what was for house Expences and other petty disbursements, and when taken for those acco[ts]. to have been [added] to the species it belong'd to, for by this method 'tis to be observd in buying their gold with Crusadoes they part with them at 93½ which is loss (and that should have appeard upon th[at] head and not be thrown on the gold to make it dearer) and this leads me to remark to your Hon[r]. &c[a]. that our Hon[ble]. Masters are considerable sufferers by sending Crusadoes to China, for the Dollars and Crusadoes cost them the same price whereas pillar Dollars pass curr[t]. at 94, and it is with difficulty they part with the other at 39½.

3[dly]. In the Journall fol[o]. 2 there is enterd acc[t]. Exchange Tale 20593 : 5 : 1 for that sum in Crusadoes exchangd with the same Cargoes of the Herne for seven chests of Duccatoons to purchase Gold with, I look upon this a needless head, because if their Cash had a just equivolent it Could be no acco[t]. Exchange, thô I perceive the design to be to shew our Hon[ble]. Masters that the Hernes silver was properer to buy gold than theirs, and therefore ought rather to have been put on board the Stretham.

4[thly]. The ballance of the Cash Acco[t]. is Ta. 11 : 5 : 67 which remains in the Supra Cargos hands.

5[thly]. They have brought all their charges under the head of Charges Generall, which is not the method because the severall branches ought to appear distinct, the whole amount thereof is Tale 3974 : 3[ma] : 6[ca] : 1[ca] and what is compremisd therein is as follows.

	ma.	ca.	ca.
House Expences, house rent & fresh provis[ns].	Tale 1160 :	5 :	1 : –
the remainder is port charges	2813 :	8 :	5 : 1
	Tale 3974 :	3 :	6 : 1

but it is to be noted that at the close of the books they make an Entry. Gold D[r]. to Stock Tale 528 : 2[ma]. : 8[ca]. : 5[ca]. being five shooes rec[d]. on acco[t]. Extortions which deducted from Tale 2813 : 8[ma] : 5[ca] : 1[ca]. the port charges is no more than Tale 2285 : 5[ma] : 6[ca] : 6[ca].

I shall now compare the charges and prizes of goods of ships Kent, Howland, and Stretham as follow.

The Gold by the Kent was much cheaper than either & the Strethams considerably dearer than the Howlands. By the foregoing list yo^r. Genl^{l}. Lre from the Gov^{r}. & Council. of Trincombarr dat^{d}. 10th. ins^{t}. read, concerng. some disputes wth. an Armen^{n}. freighter of ship Princess Sophia.

Agreed upon debating this affair, that thô we are ready to do the Danes Company any reasonable service, yet the Contract for affreightment being to conclude at this place, and the freight not being due till ten days after the goods are landed, and the Armenian affirming that he never submitted his acco^{t}. to be settled by the jurisdiction of Trincombarr, we should do a great prejudice to the trade of this Port in tying up our hands from doing the said Armenian justice in case he applys to us after the goods are landed, which would be the case if we promise compliance with what the Danes have requested.

Agreed y^{t}. thô we are willing to serve y^{e} Danes Comp^{a}. we cannot tie up our hands from doing y^{e}. Armen^{n}. Justice applyd to.

West Coast Consults. relatg. to ye. suspensn. of Mr. Bailhon perusd. who being calld in acknowledgd his error & made his submissn. confessing yt. he was encouraged thereto by Mr. Yarbrô.

The West Coast Consultations and letters perusd relating to Mr. Stephen Bailhon's being dismissd the service, and the said Bailhon desiring to be heard was call'd in and made his submission, acknowledging his error and assuring the Board that he was encourag'd by Mr. Yarborough the Second and others, to insist upon his being in the right, which occasiond his dismission.

——*FORT ST. GEORGE, AUGUST 1713* ——

The President acquaints the Board that the Dep^{ty}. Govern^{r}. M^{r}. Collet has wrote him in a private letter to the same effect, adding that Bailhon was a person very well qualified for the service, but that having dismissd him he chose rather to send him over hither for our judgment upon the matter.

the Pres^{dt}. acq^{ts}. y^{e}. Board yt. M^{r}. Collet writes him in a private lre. to y^{e}. same effect.

AGREED that the said Bailhon may return upon the Frederick to the West Coast, and that if the Dep^{ty}. Govern^{r}. and Council approve of his behaviour, they may be at liberty to reinstate him and this we are encouragd to do upon Cap^{t}. Phrips assuring us that he is a very capable person, and behavd himself very well when he was upon that Coast last Voyage.

Agreed y^{t}. he may return to y^{e}. W^{t}. Coast on y^{e}. Frederick leaving it to y^{e}. Dep^{ty}. Govr. & Council to reinstate him if they approve his behav^{r}.

Cap^{t}. Richard Phrip Comm^{r}. of the Frederick being a person very well vers'd in the West Coast affairs and having been stationd second under M^{r}. Jeremiah Harrison when he went thither to supervise,

Cap^{t}. Phrip being a person well versd in the West Coast affairs

AGREED that he be now also appointed to sit as second during his stay at Bencoolen.

Agreed he sits as 2^{d}. at Bencoolen.

The Dep^{ty}. Govern^{r}. and Council of the West Coast having wrote us that they have very few persons to depend upon for their fidelity, and the Dep^{ty}. Govern^{r}. having in a particular letter to the President, assurd him that in case of his mortality he can have no reliance but upon one or two persons at most, Cap^{t}. Will^{m}. Wathen formerly Gunner of Fort St. David, a sober diligent man and of a very fair reputation offering his service,

they writing us from y^{e}. West Coast that they have very few p^{s}sons to depend upon. Capt^{n}. W^{m}. Wathen formerly Gunn^{r}. of Fort St. David offering his service

AGREED that he be appointed youngest in Council, to be particularly employd in overseering the buildings, in which article we do not doubt but he will do our Hon^{ble}. Masters good service.

Agreed he be appointed youngest in Coun^{cll}. p^{rticly}. employd in surveying y^{e}. buildings.

The President produces a letter from M^{r}. Thomas Gray Sec^{ry}. at Fort S^{t}. David, wrote upon the promotion of M^{r}. Joseph Houghton to be youngest of that Council, a paragraph of which is Enterd after this Consultation.

Pres^{dt}. produces a lre. from Tho^{s}. Gray Sec^{ry}. of F^{t}. St. D upon Mr. Houghton's being made of Council there.

RESOLVD that the said paragraph contains words highly reflecting upon the justice of our Hon^{ble}. Masters as well as this Board.

AGREED that the said Thomas Gray be forthwith suspended and sent up hither.

were acq^td. that we expected they shoud detain suffic^t. in their hands to ans^r. y^e. Comp^as. demands of int^st. if they shoud ord^r. it to be p^d.

The Board at the same time gave M^r. Raworths Attorneys to understand that they expect as much mony to be detaind in their hands as will make good the interest of M^r. Raworths debt in case our Hon^ble. Masters should demand it.

Mess^rs. Frederick & Gostlin deliv^r. in M^r. Raworths ans^r. to y^m. concern^g. M^r. Stokes's effects wherein he writes y^t. y^e. Gov^r. knows he relinquishd y^t. trust long ago, & y^t. he at y^e. same time del^d. Stokes's papers [&] effects to him.

Mess^rs. Frederick and Gostlin deliver in M^r. Raworth's answer to their letter concerning the effects of Robert Stokes dec^d. wherein he writes that Gov^r. Harrison knows he relinquishd that trust long ago, and at the same time deliverd up the said Stokes's papers and effects to him.

the Presid^ts. ans^r. to the foregoing assertion of Mr. Raworths.

The Govern^r. solemnly declares and offers to make good upon oath, that M^r. Raworth never relinquishd the trust to his knowledge, nor did he (the Govern^r.) ever receive any papers or effects belonging to the estate of Robert Stokes either from the hands of M^r. Raworth or any other person whatsoever, he acknowledges however that he did write to M^r. Raworth to know if Stokes had no papers relating to the Pegue joynt stocks acco^ts., to which he returnd answer that he had orderd what papers there were to be deliverd.

In the same letter which the President now produces M^r. Raworth declares that when he askd Stokes upon his death bed, where he should find papers relating to his own affairs, he answerd he had no effects which was the reason why he did not make a will, which he afterwards found true, for that his viaticum consisted of no more than an old sea chest, an old writing desk, six books, and the accoutrements of his body, which were so very indifferent that the meanest of the military would not wear them, he adds further that there was found at his decease a small scrutore of about a foot & half square, w^ch. Cap^t. Gostlin sent him (Mr. Raworth) seald up from the Mount which he then orderd to be deliverd to the President.

The President having demanded Stokes's papers at the request of M^r. Addisons Attorneys they were accordingly deliverd them by M^r. John Cooke according to M^r. Raworth's orders, and M^r. Bernard Benyon one of the said Attorneys declares that he did receive the forementiond scrutore of M^r. John Cooke, but not finding the particular papers he wanted, it remains in his hands in the same condition he receivd it. This the President desires may be enterd for his justification as to what M^r. Raworth hath asserted.

Surgeons of y^e. Hanover & Frederick request their head mony.

The Surgeons of the Hannover and Frederick deliver in their requests for the head mony for the soldiers.

"I perceive the cheif reasons of Mr. Houghtons advancement are the reports "Your Honr. has heard of the extraordinary writing he has gone thrô, and his bravery "during the time of the warrs, thô I can make it appear that I have wrote more "since my arrivall of the Companys buisness (which is but two years) than he has "done in his four & three quarters, and I can likewise make it appear that I never "was at home in case of action, but in all parts where the Deptty. Governr. orderd me "to go, which I thought was as much as I ought to do, but when he Capt. Roach & "Mr. Hobbs who are military men, have receivd so little thanks for the trouble and "danger they underwent, it seems strange to me that that should be given as a reason "for my Antagonists promotion in the mercantile service.

They were desird to advise among themselves what quantity of broad cloth they can take off our hands in payment for Callicoes, and to give us their answer next Consultation.

they were desird to consid^r^. how much broad cloth they can take off.

——FORT ST. GEORGE, SEPTEMBER 1713——

the quantity of broad cloth on our hands debated.

The said Merchants being withdrawn the quantity of broad cloth now upon our hands was taken into consideration amounting more or less to a thousand bales, part, of which the remains of last year, besides about two hundred bales that the Merchants have by them in their Godowns unsold.

agreed yt. no persons but the joynt stock Merchts. are able to taking it off.

AGREED upon the debate that no persons but the joynt stock Merchants are capable of taking the broadcloth off our hands and that if we should put it up at publick sale considering the deadness of the Country trade at present, it would not only fall very considerably short of the usual prizes, but by coming into severall hands would so depretiate the value of it as to have a very ill effect upon what comes hereafter.

The President acquaints the Board that the new Companys Metchlepatam Merchants have been with him severall times since their arrivall, but that he has avoided discoursing them particularly on acco^{t}. of their demands till the Board first hears what they have to say, accordingly they were admitted and deliverd themselves as follows. the Pres^{dt}. acq^{ts}. y^{e}. —— FORT ST. GEORGE, SEPTEMBER 1713——

some hundreds of familys at Metchlepatam and Maddapollam are reduc'd to the worst of circumstances, and many of them must have fled their Country long ago, but for the expectation they had of justice being done them one time or other, that they were now very credibly informd by the Armenians, that orders were come out by these ships to pay them their just due upon which advices they sett out from their habitations with a great deal of joy and hop'd we would give them a speedy dispatch.

a Lre. from Mr. Secry. Woolley to Coja Babba di Sultanum produced by the President.

The said Merchants being withdrawn the President produces the following originall letter from Mr. Secry. Woolley to Cojah Babba di Sultanum dated London 29th. Janry. 1712 which Aga Pera Calendar deliverd him upon arrivall of the King William Gally.

Sr.

I am orderd by the Court to acquaint you as I hereby do that your memorial touching the demands which the Merchants at Metchlepatam make on the Company for debts contracted by Mr. John Pitt has been considerd, and the Court have orderd the Presidt. and Council of Fort St. George to give them satisfaction for their demands on the Company so farr as the same are just and therefore the said Merchants should apply themselves to the said Governour and Council, I am.

Sr.
Your humble Servt.
THO: WOOLLEY,
Secry.

Agreed yt. we cannot now proceed in ye. method intended last year.

AGREED that we can have now no pretence for proceeding in the method we were in last year when we compounded with Vincatrama, as expressd at large in our Consultation of the 28th. Novembr. last, obliging our selves that if hereafter we gave more to others, we should do the same to him in proportion.

ye. Compas. lres. wherein it is recommended to deduct for ye. false charges in Iapa Chittys accots. perusd.

The seventy seventh paragraph of the Generall letter by ship Heathcote Anno 1708 & the eighty second paragraph of do. Ψ ship Marlbrô Anno 1711 perus'd and debated, wherein we find it strictly recommended to deduct for all the false charges and ill practices found out by those who examind Iapa Chittys accots. and to make an estimate of other accots. in proportion to his.

The Presidt. offrs. to ye. Board yt. he cou'd never find any thing to give him light into yt affr.

The President offers to the Board upon the debate, that he has made the strictest enquiry imaginable ever since his arrivall, but could never find so much as a copy of the letter from Mr. Pitt and Mr. Raworth to the new Company touching this affair, nor any acco. in writing of what was transacted by them with Iapa Chitty to give us light into the abuses aforementiond.

Yt. Mr. Raworth when last year being ask'd concerng. it ansrd. yt. he coud not call to mind anything of yt. nature.

He further reminds the Board that when Mr. Raworth was present in Council last year, he ask'd him where those letters & papers were relating to the new Companys debt, and what he knew particularly of ill practices and false charges in Iapa Chitty's acco. to which he answerd that he never had any of the papers in his custody, nor could he call to mind any ill practices or false charges by Iapa Chitty in his accots. with the new Company.

Mr. Benyon declares to remembr. yt. Iapa Chitty was concernd in providg. a Ψcel of goods since ye. union wch. not comg. up to mustr. an abatemt. was made hereon.

Mr. Bernard Benyon offers up on this debate that he remembers very well Iapa Chitty was concernd in providing a parcel of Metchlepatam goods after the Union, which upon opening here were found to be farr inferior to the musters upon which he agreed accordingly a considerable abatement was made by Mr. Pitt, and he beleives it was inferrd from thence that the Merchants might have been guilty of the same ill practices in the new Company's affairs.

——*FORT ST. GEORGE, SEPTEMBER 1713*——

AGREED upon the debate that whereas the goods mentiond by Mr. Benyon to have been provided after the Union, were not sorted till they came here, it was but just to make an abatement for what they were inferior to muster, but that is not the case with the new Companys Merchants, whose goods were sorted and imbald by the said Companys Factors, and their accots. adjusted before they receiv'd their bonds, so that unless we could prove that these Merchants were in some contrivance with the Companys servants to abuse them in the sortment, their debt appears to us to be just.

the case mentd. by Mr. Benyon to ye. Metchlepm. Merchts. quite different.

However the said Merchants being again calld in were acquainted, that the Honble. Company have by these ships given orders to terminate this affair, but those orders are limited and not in the sense they seem to understand them, that the Compa. have found by experience at the candle that the goods sent them home on accot. of this debt were farr inferior to what they should be, and that both they and we are very well satisfied there have been ill practices between them and the Companys servants in providing and imbaling the said goods for which they must expect to make full satisfaction, and then the Board will proceed towards discharging them.

however ye. Merchts. were acqtd. yt. satisfactn. must be made ye. Compa. for the abuses in their goods.

The Merchants insisted that they deliverd the goods by the musters according to the judgment of such as the Company intrusted at the head of their affairs, that if any part of the debt was due the whole was due, and they rely'd upon the honour and justice of the Company and this Board for payment of their just debt, after which they withdrew.

to wch. they ansr. that their goods were sorted accordg. to ye. judgmt. of those intrusted by ye. Compa. at the head of their affairs.

RESOLVED it is the opinion of this Board, that the President do treat with the aforesaid Merchants and endeavour to discover what sum will satisfie them before we come to any further agreement.

resolvd yt. ye. Presdt. do treat wth. ym. to endeavr to discovr. wt. will satisfie ym.

The Fort St. David joynt stock Merchants sent for up hither at their request as mentiond in our Consultation of the last of July, being calld in, were ask'd the true reasons why they so earnestly desird to appear before this Board, to which they answerd that they were not longer able to bear the hardships put upon them by the Deputy Governr. and his Dubash Dossu who had confind them to the beating Godowns from the 4th. to ye. 12th. of May, and again from the 24th. of May to ye. 8th. of June without permitting them to go to their habitations, till at last they were forc'd to consent to the payment of three thousand Pags. down, and to give a note of their hand for five thousand more, to be deducted out of the next payment made them, that the pretence made use of for extorting this sum of money was, the great discredit they had brought upon the Deputy Governr. by the torn cloth discoverd in the last Contract, that they had willingly offerd to give good cloth in the room of the bad, thô the fault was in the washers and not in them, but the Deputy Governr. told them he would answer all the damage both in England and at Fort St. George.

the Ft. St. David Merchts. calld in & the reason of their desiring to be sent for up & demanded. they complain of unjust imprisonments & extravagt. extortions.

They were further askd why they did not compleat the old Contract sooner, and why they had brought in no goods upon their new agreement in March last, to which they reply'd, that they had brought in upon the old Contract as fast as goods could be provided, but the delay had been cheifly among the washers, and as for the new Contract the hardships they had sufferd had determind them to proceed no further in the Companys business till their greivances were redressd.

they were askd why ye. old Contract was not yet finishd, & wt. progress they had made in ye. new one, to wch. they ansr. they can proceed no furthr. till their greivances are redressd.

—— FORT ST. GEORGE, SEPTEMBER 1713——

they were askd whethr. they wou'd take their oaths to wt. they had asserted wch. they consented to.

They were then askd if they were willing to take their oaths to the truth of what they have asserted, which they unanimously consented to.

Ordd. yt. ye. Cheif Dubash & Choultry Dubash do swear them in the Gentue Pags.

ORDERD that Paupa the Cheif Dubash and the Choultry Dubash do accompany the said Merchants to the Gentue Pagoda, and swear them in the most solemn manner to their declaration in writing.

acqts. ye. Board yt. these Merchts [do] agree to send their Gomastas [to] ye cloth countrys to procure [long] cloths & Sallamps.

The President acquaints the Board that being apprehensive of a disappointment in our Investment by these irregular proceedings at Fort St. David, he has discoursd the aforesaid Merchants about sending their Gomostas forthwith into the cloth countrys to buy up what Longcloth and Sallampores are procureable, which they readily agree to and promise a large quantity to be ready for the Janry. shipping, in case they can be sure of not falling again into Mr. Raworths hands.

Agreed yt. 5000 Pags. be advanced them.

AGREED that five thousand Pags. be advanced the said Merchants, that have money due to them upon the old Contract the better to inable them to provide the goods beforementiond.

Sunca Raña &ca. joynt stock Merchants being calld in offer to take off seven hundred bales of broadcloth at thirty five ℔ Cent upon Invoice, and to bring in six hundred bales of Callicoes according to this years list in time for the dispatch of our shipping, to which they were told the Board cannot consent to so considerable an abatement.

The Gentlemen in Bengall having wrote us for mony to carry on their affairs,

Agreed yt. we cannot spare ym. any but yt. we may make ym. an offer of 300 bas. of broadcloth.

AGREED that having the Metchlepatam debt to compound, and large Investments to make, we cannot part with ready money, but that we do make them an offer of two or three hundred bales of broadcloth which we are like to have upon our hands, if the Country trade continues as dead as it is at present.

The present state of Fort S^{t}. David taken into consideration and debated. — present state of F^{t}. St. David debat^{d}.

The President offers to the Board that the method establishd by the R^{t}. Hon^{ble}. Company for carrying on their Mercantile affairs and for the Government of their Garrisons and Factorys has been intirely neglected and despisd by the Dep^{ty}. Govern^{r}. of Fort S^{t}. David, who has assumd to himself a liberty of acting as if he was independant to this Board, Consultations are neglected, Paymasters and Cash acco^{ts}. are fictitious and irregularly passd, our strictest orders have been contemnd, he has promoted and commissiond Officers of the Garrison unknown to this Board, he has considerably increasd the pay and allowances of severall persons, particularly in Diet mony to the Gentlemen of Council three Pag^{s}. ℔ month each, and almost all other Expences in Generall, He has laid out considerable sums in building, and has lett out the Companys bounds to rent without our Knowledge or consent, He has us'd the Companys Merchants very barbarously whereby they have been necessitated to seek protection and redress from this Board, He returns no answers to such persons as have large and just demands upon him, with many other irregularitys, which this Board ought not to bear with any longer, least the Hon^{ble}. Companys affairs should be brought into irrecoverable confusion. — many irregularitys, breach [of] ord^{rs}. &c^{a}. in the Dep^{ty}. Gov^{rs}. conduct particularizd by y^{e}. Presd^{t}.

The President further offers to the Board severall paragraph[s] [in] their Generall letters dated 19th. & 21st. Augst., as also a copy of a pap[er] or protest signd by M^{r}. Fort St. David Lett^{rs}. dat^{d}. 19th. & 21st. Augst.

That whereas in the 7th. paragraph of the Fort S^{t}. David letter dated 19th. Augst., the Deputy Govern^{r}. in his name declares our proceedings (in sending for the Companys Merchants up hither at their repeated request) to be highly prejudiciall to the Companys interest and that of this place, we are obligd to justifie ourselves in as plain and publick a manner as possible to our R^{t}. Hon^{ble}. Employers, tho' we cannot but think it an unexcusable peice of presumption in M^{r}. Raworth, to send us such a charge in a Generall letter from a subordinate Factory, which is giving encouragement to those under [him] by his example to dispute and disobey our orders hereafter. — resolvd y^{t}. we are obligd to justifie ourselves in a publick mann^{r}. as to w^{t}. Mr. Raworth charges us with in y^{e}. afores^{d}. Lett^{rs}.

Agreed that a charge be brought in against Robert Raworth Esq^{r}. Deputy Govern^{r}. of Fort S^{t}. David, containing such articles as can be fully provd without any room for dispute, and accordingly the following charge was receivd and read. — charge agst. Rob^{t}. Article the 1st.

The said Robert Raworth Esq^{r}. did take upon him contrary to our orders to alter the Hon^{ble}. Companys List of Investment, w^{ch}. we deliverd him here to contract by at Fort S^{t}. David in Septemb^{r}. 1712, and did afterwards cavill and dispute with

—— FORT ST. GEORGE, OCTOBER 1713 ——

us upon that Subject till at least a month and a half of fair weather was lost which was the true reason why they were afterwards in so much hu[rry] at Fort S^{t}. David to wash cloth for the dispatch of the Howland on the occasion of so many thousand peices being ill cured [and lying] in the washers hands besides what went upon the Howland. full proof of this article will appear in examining the letters that pass'd between us September and October 1712 and in March and April 1713.

ARTICLE THE 2^{D}.

The said ROBERT RAWORTH Esq^{R}. has assum'd an unprecedented power to give extravagant allowances and Military titles to severall persons without our knowledge or permission, an intolerable Expence has been permitted and allowd of in the Stable, and the ARTICLES OF DIET STORES LAID IN, and we observe an increase instead of a diminution in almost every article of the Pay masters acco^{ts}.

The foregoing ARTICLE is fully provd by the Paymasters acco^{ts}. and particularly that of the month of May last (since which none have been sent us) wherein Ensign Hobbs is enterd Leiutenant and receives Leiutenants pay, also Serg^{t}. Hickman is enterd Ensign and receives pay as such without ever so much as asking our consent. In the Gunroom crew are eight Gunners mates at eight & a half, eight, seven, and six Pagodas ℔ month, whereas five Pagodas has always been the settled wages to that Employ both here and at Fort S^{t}. David, except only to one Cheif mate eight Pag^{s}. the number of Gunners mates is increased to double as well as the Gunroom crew The CHARGES GENERALL, CHARGES EXTRAORD^{RY}. WAGES & ALLOWANCES are most extravagant and must have some unfair articles concealed in them; the CHARGES OF CATTLE amounts to double our Expence here, thô we have twice the number of horses, the CHARGES OF DIET & STORES LAID IN is three hundred ninety two Pag^{s}. six fanams, which in proportion to what we spend here ought not to be two hundred. Our Letters will make appear that we have often complaind of these extravagancies in vain, and particularly in the 3^{d}. paragraph of ours dated the 3^{d}. of July last to which they answer in the 10th. paragraph of ours dated 26th. ditto very peremptorily that their Expences are as low as possibly they can be.

ARTICLE THE 3^{D}.

The said ROBERT RAWORTH Esq^{R}. has unwarrantably laid out the Hon^{ble}. Companys mony in buildings without our knowledge & permission, and when pursuant to their standing orders, we requird the mony so laid out to be repaid into their Cash he not only contemnd the said order but insultingly declard our proceedings illegal[&] chargd us with partiality, appealing to the Hon^{ble}. Company against their own orders, reserving to himself a right of appeal to an higher power than them, at the same time exposing this Board in a rude paper sent about to his Councill to sett their hands to, and absolutely refusing to refund the money.

This ARTICLE is fully made out as follows. The Dep^{ty}. Govern^{r}. wrote us in a particular letter dated 26th. of Novemb^{r}. 1712 that he had begun to repair the garden house without our consent, for which he endeavours to excuse himself by the necessity of the thing, undertaking to compleat it for five hundred and fifty Pag^{s}. which sum̃ he desires we would permit him to reimburse himself out of the Cash, In the 3^{d}. paragraph of ours dated the 4th. of Decemb^{r}. following we consented to his being reimbursd so farr as the five hundred and fifty Pag^{s}. but at the same time condemnd his manner of proceeding and forbad it to be made a precedent of hereafter when the Paymasters acco^{ts}. came up to the last of May there appeard to be twelve hundred twenty seven Pag^{s}. thirty three fanams & seventeen cash, chargd in the months of Novemb^{r}., Decemb^{r}., Jan^{ry}., Feb^{ry}., March, April and May to have been laid out on the garden house, over and above five hundred fifty seven Pag^{s}. reimbursd him in Novemb^{r}. Cash, and besides what has been laid out since of which we cannot be exactly informd, because they willfully neglect to send their Paymasters acco^{ts}. for June, July and August, thô we are assurd there is a further sum̃ expended

——— *FORT ST. GEORGE, OCTOBER 1713* ———

The remaining part of this ARTICLE is fully provd by a copy which the Dep^{ty}. Govern^{r}. sent us of his protesting paper dated the 18th. of Augst. signd by himself and Council, and by their Generall Letters of the 19th. & 21st. of Augst. last, wherein he firmly adheres to his declaration in the said paper.

ARTICLE THE 4TH.

The said ROBERT RAWORTH Esq^{r}. to the unspeakable prejudice of the Companys affairs under his management, did keep their Merchants under confinement till they were obligd to purchase their liberty with a round sum̃ of money, which has occasiond them to neglect bringing in goods upon their last Contract and to apply to this Board for the security of their lives and fortunes.

THIS ARTICLE of the CHARGE is fully made out by the paper hereunto annexd, containing the oaths of the said Merchants to the severall particulars of their complaints, taken in the most solemn manner according to the Gentue Custom.

These Merchants were not sent for up hither till after they had severall times petitiond the President for justice and protection, declaring that if refusd they must fly the Companys bounds, the pretence for confining them was that they should make satisfaction for the damagd cloth, accordingly the Dep^{ty}. Govern^{r}. and Council wrote in y^{e}. 10th. parag̃ of their letter dated the 30th. of April, that they ought to be obligd to forfeit all the bad cloth, and to give as much good in the room of it gratis or be hangd, and in the next letter where this affair is mentiond dated the 20th. May, parag̃ N^{o}. 3 we are told that if we should think fit to proceed with severity and fine them to amount of the damagd cloth only, we must think of procuring a new sett of Merchants, for these would never be able to proceed upon their Contract, this sudden alteration in opinion was very surprizing, because we never had so much as hinted any intentions of severity and only demanded them to take back the damagd and give us good cloth in the room.

These contradicting letters were wrote much about the same time that the Merchants were confined, and the contrivance is too plain to need any further explication. It would have been too hard no doubt upon the poor men, if we had handled them with the same severity as the Dep^{ty}. Govern^{r}. did upon that occasion.

ARTICLE THE 5TH.

The said ROBERT RAWORTH Esq^{r}. notwithstanding our repeated orders in the most pressing terms we could use, and particularly in the 2^{d}. paragraph of ours dated the 3^{d}. of July, to send up their acco^{t}. of Cash monthly as soon as passd in the first Consultation of the month, to show the little value he sets upon our orders has not sent the acc^{t}. of Cash for July to this very day, so that we are intirely in the dark and unable to carry on the Companys affairs.

ARTICLE THE 6TH.

The said ROBERT RAWORTH Esq^{r}. in further contempt of our orders declares in the 7th. paragraph of their Generall letter dated the 19th. of August, that one Annapa whom we wrote for is his imediate servant and shall not come at our command. This Annapas name was mistaken for Manãpa one of the Companys Merchants sent for up hither as the Dep^{ty}. Govern^{r}. knew very well, thô he gladly laid hold of the opportunity to show his contempt of our orders.

ARTICLE THE 7TH.

The said ROBERT RAWORTH Esq^{r}. (thô it always has been the Custom to acquaint this Board and obtain our consent before they let out the Companys bounds at Fort S^{t}. David to rent, which he well knew and performd last year) has now thought fit

to assume an authority to let them out to the forementiond Annapa and others, without giving us any notice thereof to this day and in this article all the Councill are as guilty as himself.

ARTICLE THE 8TH:

The said ROBERT RAWORTH Esq^r^. in further contempt of our authority has not to this day returnd any answer to our particular letter wrote him on the 18^th^. of July last, wherein we demanded a parcell of Pearl, Amber, and other things wanting in the acco^t^. of the present provided for the Mogull, which he as Warehousekeeper having under his custody is obligd to be answerable for, the whole amount of what [is] wanting is twelve hundred & fifteen Pagodas eighteen fanams. In the same letter we likewise wrote to press the payment of a bond of thirteen thousand eight hundred and four Pag^s^. nineteen fanams & forty cash with interest due to M^r^. Josiah Chitty in Bengall, which bond has been long recommended to us by the President and Council in the Bay, for recovering the mony to pay Chittys Creditors that are rich shroffs of Patna, and likely to embroil the Companys affairs if not satisfied.

ARTICLE THE 9TH.

The said ROBERT RAWORTH Esq^r^. confesses himself that he did conceal the ballances due to the Hon^ble^. Company from Mathew Weld as Paymaster and Storekeeper till we found them out, and since the said Mathew Weld has been suspended for nonpayment he declares that he paid seven hundred & fifteen Pag^s^. of the debt to the Dep^ty^. Govern^r^. upwards of a year & a half ago in order to be paid into Consultation, the said Weld being then lame and not able to attend, however this sum̃ was not paid in in June last, nor can we learn whether it is done to this day.

ARTICLE THE 10TH.

The President likewise declares that he has just demands upon the Deputy Governour (which he is ready to prove) as Attorney to the Estate of John Dolben Esq^r^. deceasd to William Proby Esq^r^. late Cheif of Surat, and to Mess^rs^. John Russell Esq^r^. & Abram̃ Addams in Bengall amounting in all to five thousand Pag^s^. or thereabouts, concerning which he has wrote severall letters but cannot obtain any manner of answer, likewise many complaints of the same kind have been made to him by other persons, that have demanded their just due in letters that they know he has receivd, but never could obtain any sort of answer whatsoever.

THE RECAPITULATION of the foregoing ARTICLES of this CHARGE is

That ROBERT RAWORTH Esq^r^. DEP^TY^. GOVERN^R^. OF FORT S^T^. DAVID has faild in his respect and duty to this Board his Superiors. That he has been guilty of contempt and breach of the Hon^ble^. Companys and our orders. In not keeping to the list of Investment last year. In not repaying the mony laid out on the garden house without our consent. In not sending his acco^t^. of Cash and Paymasters acco^ts^. according to direction. In refusing to send a servant of his upon our summons. And in not answering our Letters of demand touching the present and M^r^. Chittys bond. That he has lavishd the Companys mony by increasing the Expence farr beyond any of his Predecessors. That he has assumd an unwarrantable liberty without our knowledge or consent to encrease the Military officers & Gunners pay— to lay out a considerable sum̃ in building and to let out the Companys bounds. That he has dealt disingenuously with the Company and with us, by confining the Joynt stock Merchants and extorting mony from them on acco^t^. of the damagd cloth, at the same time excusing them to us as not guilty, and pleading that if we should be severe upon them they must be undone. That he has neither done justice to the Company nor Mathew Weld, by keeping his mony that should have been paid into Consultation so long ago. That he gives no manner of answers to persons that have just demands upon him for considerable sum̃s of money at which they very loudly

complain. Lastly That he has insulted this Board in an unsufferable manner, by declaring our proceedings illegal, thô warranted by the letter of our Hon^ble^. Masters orders, by accusing us of partiality in appealing to impartiall judges, and sending it us by way of protest signd by his Councill, whom we must likewise accuse as concernd in most of these disorders, by their tame compliance in setting their hands to whatever he indited, and suffering him to act so many irregularitys without one dissenting vote.

the foregoing charge debated article by article.

The foregoing charge being read was afterwards debated article by article, and to the 9^th^. article particularly Mathew Weld appeard and offerd his oath that he never desird M^r^. Raworth not to pay in the seven hundred & fifteen Pag^s^. till he could pay all as M^r^. Raworth writes in his of the 19^th^. of Aug^st^. but on the contrary paid it into his hands instead of paying it into Consultation, because he was lame and could not attend to do it himself.

Agreed y^t^. every article is fully made good.

AGREED unanimously that every article in the said charge is fully made good.

The Presd^t^. acq^ts^. y^e^. Board of sev^ll^. furth^r^. partic^lrs^. w^ch^. thô not incerted in y^e^. charge we have great reason to beleive true.

The President further offers to the Board that we have paid a bill of Exchange drawn in Jan^ry^. last by the Dep^ty^. Govern^r^. and Council of five thousand Pag^s^. which was not accounted for in their Cash the last of June that many other complaints have been made by particular persons w^ch^. not having yet been fully provd were not incerted in the charge, thô there is but too much reason to beleive them, such as abusive language and severe threatnings to the Gentlemen of the Councill, whereby they have been intimidated to sett their hands against their inclinations, for the proof of which he produces letters from Mess^rs^. Woodward & Houghton two of the Council, and M^r^. Richard Farmer lately sent for up hither by the Hon^ble^. Companys orders declares, that the hard language he severall times receivd at the Board from the Dep^ty^. Govern^r^. was the true reason for his absenting from the Board some time before he came away, but these and other such like complaints will be fully made good when people are at liberty to speak for themselves.

the present condit^n^. of our affairs at Ft. St. David stated.

The case at present is that our affairs at Fort S^t^. David are in the utmost confusion, that the Merchants now here (who are the best of the whole sett and have servd the Company at Conimeer and Fort S^t^. David, upwards of thirty years, thô M^r^. Raworth would make them insignificant fellows to invalidate their Evidence) are determind never to return to their habitations as things now stand; No Investment can goe forward and consequently we shall be disappointed of near a thousand bales for the Jan^ry^. shipping, the Merchants acco^t^. of the last Investment is not setled, we know not how it stands, what there is due to them, nor what Cash there is to pay them, the Cash Acco^t^. being purposely kept back, thô so often demanded on our part, our orders are of no validity if the Dep^ty^. Govern^r^. dos. not like them, if we reprimand them for any neglect we are sure to be insulted, if we write to demand either the Companys or private peoples mony no notice is taken of our letters.

the Comp^as^. affairs at Fort St. David not to be carryd on without remove. M^r^. Raworth from thence.

Wherefore it is unanimously AGREED that we are not able to carry on the Hon^ble^. Companys affairs at Fort S^t^. David according to their orders without removing Robert Raworth Esq^r^. from thence.

the Comp^as^. orders relating to suspension revisd.

Then the extract of all the Hon^ble^. Companys orders was perusd, to find such articles as relate to the suspension & dismission of those that are members of this Board, as likewise the old Companys printed orders signd by Sec^ry^. Blackborne, all which ord^s^. have been confirmd and referrd to since the Union in the 1^st^. paragraph of the Generall letter by ship Tankerville dated the 18^th^. Jan^ry^. 1705.

What we find particularly relating to the affair now before us are as follow.

——— *FORT ST. GEORGE, OCTOBER 1713* ———

In the old Companys letter to this Agency dated y^e^. 9^th^. of Novemb^r^. 1670, we find the following paragraph relating to disputing and breach of orders &c^a^.

" We have setled it fully in your orders by our last years shipping, unto which " we require all persons to yeild obedience, not only those appointed by us to parti- " cular places, but where we have left it to you to supply such as shall be vacant " according to our rules, and if there be any that shall not comply therewith we do " authorize you to send them home for England, for we have found it prejudiciall to " our affairs to have persons to dispute our orders, given immediately by our selves, or " such as they shall by our power receive from you, and therefore are resolvd for the " future, that thô we shall take a strict account of the proceedings of our Presid^t^., " Agents, Cheifs & Councils yet we shall not suffer any particular persons to oppose " our or their orders, nor any Cheif or Factors to dispute ours and the orders of our " Agent & Counc^ll^., for that it is inconsistent with orderly Government, or the well " carrying on our trade, and that this may be the better effected, and that no persons " there may support themselves in such disturbance in expectation of any freinds they " may have here, we have orderd that none from hence do write concerning our affairs " but in the Generall letter, unless it be to give their freinds their good advice & " counsel for the more faithfull discharge of their duty in their places."

In a printed paper lately found by rummaging in the Sec^rys^. office signd Ro. Blackborne Sec^ry^. dated at a Court of Comittees for the Hon^ble^. the East India Company holden the 31^st^. day of Octob^r^. 1679, and containing orders and rules to be observd by a[ll] persons in the Companys service, we find the first, second, and fourth articles relating to the cause now before us and in conformity to them M^r^. Raworth cannot be continued longer in the R^t^. Hon^ble^. Companys service.

The forementiond printed orders are particularly recomended to this Agency in y^e^. 55^th^. paragraph of the old Companys letter dated the 3^d^. of Decemb^r^. 1679 in the following words.

" Inclosd we send you some printed papers containing further orders and rules " to be observd by you concerning our Factors and do require you to put the same in " effectuall execution, that we may for the future prevent those inconveniencys that " happen to us and our Trade, by our Factors and servants running into debt beyond " what they are able to pay.

Since the union of the two Companys we find no orders renew'd for dismissing those of this Councill, but we think the following 107^th^. paragraph of the letter by the Dartmouth dated Jan^ry^. y^e^. 3^d^. 1710, relating to Mess^rs^. Faunce & Bridges is meant to extend to all persons in the Companys service, because none are therein excepted.

" We have considerd your account of the reasons for dismissing Mr. Bridges & " Mr. Faunce, & perusd the Consultations relating thereto & on the whole approve " thereof, because we can never consent to have the authority of the President & " Council disputed, & notwithstanding severall fair cautions disobeyd, had they " thought the resolution in favour of M^r^. Berlu had been too hard, they should have " submitted thereto for the present and awaited our finall dicision if they had thought " fit to have sent us a state of their case and their request thereupon."

And in the 33^d^. paragraph of the Hon^ble^. Companys letter by the Hallifax dated Feb^ry^. y^e^. 4^th^. Anno 1708 there are these following words.

" We shall always lodge a power in our President and Councill to suspend any " of the Councill or other subordinates, when they have or think they have a just " reason, and if it be of great crimes they are charg'd with that deserve confinement " we shall approve it."

All the foregoing premises and orders having been fully considerd and debated the following question was put.

Q. Whether this Board is not obligd upon the charge now read and other circumstances concurring to remove Robert Raworth Esq^r^. from the Government of Fort S^t^. David.

——*FORT ST. GEORGE, OCTOBER 1713*——

AGREED in the affirmative *nemine contradicente.*

Q. Whether he shall be suspended or dismissd.

AGREED unanimously that he be suspended, that his Comission be revokd and superceeded, the same to be signified in a Generall letter to him, with orders for him to repair hither, when his charge shall be deliverd him. Agreed y^t. Mr. Rawortl be suspended & his Comiss^n. revokd.

In consideration that M^r. Thomas Frederick has the Hon^ble. Companys books now in hand to ballance, and that this affair requires a person to sett out with all expedition, M^r. Henry Davenport was desird to go down upon this occasion, who declard that his resolutions were fixd for England by the next ship, however he was willing to go upon this service, provided that when he had receivd the Government, and settled matters, which he supposd might be done in the term of twenty days, he might then be recall'd to prosecute his voyage for Europe. in consideration that M^r Frederick h^s the books on his hands to ballance.

AGREED & ORDERD that M^r. Henry Davenport be commissiond as Commissary & provis^ll. Dep^ty. Govern^r. of Fort S^t. David, to sett out this evening in order to receive the Government from M^r. Robert Raworth, and that he be particularly instructed to contract forthwith for all the Longcloth and Salampores he can procure for the Jan^ry. shipping. M^r. Davenport elected Comissary & provis^ll. Dep^ty. Govern^r.

ORDERD that M^r. Bernard Benyon do take care of the Warehouse during his absence. M^r. Benyon to act in the Warehouse employ till M^r. Davenports return.

AGREED that M^r. Philip Baker be restord to his former station in Councill at Fort S^t. David, having cleard himself of the imputation cast upon him, and promisd to behave himself with all due respect to his Superiors hereafter. M^r. Philip Baker to be restord to station.

AGREED that M^r. Mathew Weld do accompany Henry Davenport Esq^r. to Fort S^t. David, in order to be restord if his debt is actually paid into the R^t. Hon^ble. Companys Cash, otherwise to wait till we are further informd of the truth of that affair. M^r. Weld to accomp^s. the Dep^ty. Govern^r. & to be reinstated if he make s good his ballances.

ORDERD that Leiut^t. Gabriel Poirier, Gunn^r. Hugonin and twelve soldiers do accompany the new Dep^ty. Govern^r. to Fort S^t. David for a guard. Capt. Poirier, Gunn^r. Hugonin & 12 sold^rs. to be sent with the new Dep^ty. Govern^r.

Draughts of a Commission for M^r. Davenport and a Letter to Mr. Raworth read and approvd the latter is as Enterd after this Consultation. Draughts of a Commiss^n. for M^r. Davenport & letter to M^r. Raworth read & approvd.

AGREED that five thousand Pag^s. be sent down with the Dep^ty. Govern^r. to pay the Garrison. 5000 Pag^s. to be sent with y^e. Dep^ty. Gov^r.

ORDERD that one thousand Pag^s. be advanced Bernard Benyon Paymaster to defray Charges Garrison. Pag^s. 1000 advanced y^e. Paymast^r.

WE the subscribers do upon our oaths declare that we were forcibly detaind in the beating Godowns at Fort S^{t}. David by Dossoo the Dep^{ty}. Govern^{rs}. That the said Dossoo declard it was by the Dep^{ty}. Govern^{rs}. orders we were confind, and obligd us to pay a large sum of money before we were releasd for good and all, upon pretence that we had done his reputation great prejudice by the affair of the torn Long Cloth and Sallampores, and WE further declare that when we were forcd to pay the mony to procure our liberty, the Dep^{ty}. Govern^{r}. told us he would answer for the damagd cloth both to England and Fort S^{t}. George.

We do still further depose that this cruel treatment was the true reason why we so often wrote to the Govern^{r}. to be sent for up hither, and why no goods were brought in upon the new Investment.

Letters from M^{r}. Davenport advising y^{e}. M^{r}. Raworth refuses him admittance &c^{a}.

The President communicates to the Board a letter from Henry Davenport Esq^{r}. dated the 8th. should have been the 9th. ins^{t}., advising us that upon his arrivall at the edge of the bounds of Fort S^{t}. David he dispatchd Leiut^{t}. Poirier before with our letter to M^{r}. Raworth and a short one from himself, copys of which he inclose[d] to which M^{r}. Raworth in a short time returnd answer that he would not allow him any authority to rule there by whatever Commission he could receive from us, all the outworks were alarmd with the usual signals for enemys when M^{r}. Davenport enterd the[ir] bounds, and when he came to Tevenapatam gate he was denyd entrance by shutting it upon him, and the Officer's declaring he had an order not to lett him in, all the Council came in to M^{r}. Davenport except M^{r}. Richard Harrison, Ensign Hobbs being posted at the garden with a hundred men, M^{r}. Davenport sent to him for admittance there, but he sent word that he would obey no orders but Mr. Raworth's, and that if he offerd to come into the garden wth. any peons or soldiers he would fire upon him, upon which finding the whole Garrison debauchd

from their duty (except old Cap^{t}. Hugonin and some other of the Officers which were confind beforehand) he was forcd to retire out of the bounds to a Choultry about five miles distance for the security of his life and the treasure he had with him, M^{r}. Raworth having given out severall unaccountable orders to some of the Officers, and publickly threatend to cutt off, the severall papers relating to this affair are Enterd after [this] Consultation, particularly M^{r}. Raworth's orders to Leiut^{t}. John[ston] the day before M^{r}. Davenport arrivd.

this affair being debated with very great concern

This affair being debated with the greatest concern to see the whole Garrison of five hundred men and upwards seduced by [such] false perswasions from their duty to our R^{t}. Hon^{ble}. Employer and commanded openly to resist our orders which may be [of] very ill consequence hereafter,

Agreed y^{t}. it is not safe for M^{r}. Davenport to remain where he is with the small guard he has with him.

AGREED that it is not safe for Mr. Davenport to remain where he is, considering the small guard he has with him and [the] threatning expressions M^{r}. Raworth has us'd.

Gen^ll. from M^r. Davenport & Council. dat^d. 19^th. read, advising y^t. M^r. Raworths party are very much streightend

A Generall letter from Henry Davenport Esq^r. & Counc^ll. dated the 19^th. ins^t. [read] advising that those who remain in Fort and at the [Garrison] with M^r. Raworth are already reduced to such necessitys that [none] of them would get away if they [are straightend].

L^re. of M^r. Davenport to y^e. Pres^dt. [of y^e.] 20^th. ins^t.

The President communicates a letter from Henry Davenport Esq^r. of the 20^th. advising the arrivall of Mess^rs. Warre & Lewis and that he had advisd them to go directly to M^r. Raworth for avoiding all jealousies.

[L^re]. from Mess^rs. Warre & Lewis dat^d. 20^th. ins^t. read advising that they had [talked] with M^r. Raworth who offers to deliv^r. up the Fort to the Pres^dt. in p^rson.

A Letter from Mess^rs. Warre & Lewis dated the 20^th. ins^t. read advising their reception by M^r. Raworth, that they had fairly laid all matters before him as recommended in our instructions upon which he desird some time to consider thereon, and he would give them an answer in the evening seeming to be in very good temper, that they went to Cuddalore, and returnd to him about five a clock, when he very breifly answered that provided the Govern^r. would come in person he would immediately resign, upon condition that those who had been faithfull to him (as he calls it) should be treated with superior respect, to such as deserted, upon which they desird time to receive our answer and got his consent to forbear all acts of hostility till then. This matter being debated,

— *FORT ST. GEORGE, OCTOBER 1713* —

this matter debated & agreed for severall reasons yt. it is not convent. for ye. Presdt. to go at ys. juncture.

AGREED that as matters now stand here with the Nabob and considering the necessary preparations to load our shipping that are expected early from Bengall, it is no way convenient for the President to leave this place, especially when Mr. Raworth insists on such terms as are impossible for us to consent to, since it is no better than confessing ourselves in the wrong and encouraging others hereafter to follow his wicked and pernicious Example.

It was also considerd that [if] the Nabob should come to St. Thoma as is credibly reported, [the] President cannot come back hither till Febry. by sea [nor] can he come by land without passing thrô his Camp [at his] mercy, since he can have no body of men with him fi[t to for]ce his way.

that Messrs. Warre & Lewis, do discourse [wth.] him once more & offer ev'ry thing in our power to grant.

AGREED that a letter be wrote to Mr. William Warre and the revd. [Mr. Geor]ge Lewis requiring them to see Mr. Raworth once more [and offer] him every thing that is in our power to grant [provided] he will surrender quietly without any further trouble or mischeif.

that a short Commissn. be drawn out impowering Mr. Warre to receive ye. Government from him & that if [they do] not succeed they be permd. to return.

AGREED that a short Commission be given Mr. William Warre to receive the Government at Mr. Raworths hands if he should consent, to make all easy, insisting only upon not seeing Mr. Davenport before he comes away hither.

AGREED that if Mr. Raworth does not accept the ter[ms] offerd him in our Letter of this date, Mr. Warre and the revd. Mr. Lewis be permitted to return.

Two Generall letters from Henry Davenport Esq^r^. & Councill dated 26^th^. & 27^th^. ult^o^. read, advising the safe arrivall of our Treasure at Pontichery, where it remains till the foul weather breaks up, they add that M^r^. Raworth thô he had given his word to Mess^rs^. Warre & Lewis, flung a bomb at Cuddalore from the Fort on the 24^th^. about eleven a clock at night, which fell very near one of the points and would have done a great deal of mischeif had the fuze been good, they add further that they daily pull down the houses in Tevenapatam for firewood, and will entirely ruine the Town, and that they desire orders from us for making a lodgement therein, and attacking an out guard upon occasion, to which a proper answer was returnd of this days date.

That of the 9^th^. from the Hon^bl^. Edward Harrison Esq^r^. Mess^rs^. Davenport & Warre advises that they staid at Chemundalum Choultry till M^r^. Warre brought an answer to the summons sent in the morning from Coniquoil, at four in the afternoon he returnd with some proposals from M^r^. Raworth to which they had reply'd and hopd in the evening to give us an acco^t^. that matters were accomodated, and that M^r^. Raworth had sent the keys of the garden by M^r^. Warre so they had taken possession thereof.

ffrom y^e^. Hon^ble^. Presid^t^. Mess^rs^. Davenp^t^. & Warre advis^g^. the latters return from M^r^. Raworth & that they were in hopes of an accomodat^n^.

Another of the 10^th^. informs us that after the hopes they had of bringing matters to an end, that they found M^r^. Raworth the same fickle and unfaithfull man as ever, that they had sent the same persons in that morning with such terms as they thought he neither could nor would refuse, but were strangely surprizd at their return to find he absolutely refusd what he gave under his hand the day before, which was that if the Govern^r^. insisted he would bring the keys of the Fort where he pleasd, that they had offerd to venture into the Fort if he would permit Cap^t^. Roach to go in first with fifty men for the Govern^rs^. guard, to which his answer was under his hand that he would not suffer the Gov^r^. to enter with any guard and severall other extravagancys, so that they can see no hopes of his being brought to better temper whilst he is able to hold out.

anoth^r^. of y^e^. 10^th^. from y^e^. same p^sons giv^g^. an acco^t^. that M^r^. Raworth flys off from wt. he before had agreed to & that they have no hopes of reduc^g^. him but by starving him out.

They further advise that as the Samuel & James was arrivd in sight of this road, that after she had landed her goods, we should desire the Captain to receive aboard the stores & provisions mentiond in a list inclosd and dispatch her to them.

they desire a supply of stores & provis^ns^ may be sent y^m^. on y^e^. Sam^ll^. & James.

Capt. MONDAY 16^TH^.

Generall letter from the Hon^ble^. Edward Harrison Esq^r^. Mess^rs^. Davenport & Warre dated 14^h^. ins^t^. read, which acquaints us since their last they were cheifly taken up in managing an intelligence within the Fort and Tevenapatam in order to get away as many men as possible, that Ensign Hobbs came in to the 10^th^. upon promise of keeping him in his post, and some Europeans and Topasses had followd his Example, that on the 12^th^. in the evening M^r^. Theobald and some other Gentlemen who accompany'd the President hence riding to take the air near Tevenapatam were fired upon by Johnston and a party of men, thô M^r^. Raworth had given his word no guns should be fired, that this action occasiond them to endeavour the surprizall of Tevenapatam gate and a round battery on Patcharee hill, which commands the Town as well as the garden house they live in, that they were encouragd to this by their intelligence in y^e^. Town and about nine at night they sent in three detachments of forty men each well officerd one of which commanded by Ensigns Hobbs & Bassing surprizd the rounds, except the Sergeant who made his escape, and afterwards seizd the gate of Tevenapatam without any harm done, sending away all the guards prisoners.

Genll. Lettr. from y^e^. Hon^ble^. Presdt. Messrs. Davenport & Warre datd. 14^th^. inst. read. advising y^e^. Ens^n^. Hobbs was come in. that Johnson & ꝑty of men had fired upon some of y^e^. Gent^n^. y^t^. attended the President.

that they had seizd Tevenapatam gate.

That another party marchd directly to Patcharee hill where they surprizd the Centinell below, but the rest of the guard being alarmd by the Sergeant of the rounds that escapd, were all got on the top of the point, and thô twice warmly attackd made so obstinate a defence that they thought it more advisable to leave them severall men being wounded and the two Officers Handlon & Gardiner that commanded the Party among the rest, that they calld out to those on the point to surrender to the Govern^r^. before they advanced, offering pardon for all past, but they resolutely answerd they would neither take nor give quarter and begun the fire first whilst the attack lasted the Fort kept firing their great guns but they did no execution.

that they had made an attack on Patcharee hill but were repuls'd.

That the third party commanded by Leiut^t^. Roach and Gunn^r^. Hugonin lay in ambuscade near the Fort gate, in hopes Johnston would have sallied to releive the hill, which had he done in all probability they would have surprizd him & his men and peradventure the Fort, but they kept all close, the morning coming on they were obligd to draw off all their men, that had otherwise been exposd both to the hill and the Fort, but first they brought away one gun from the gate and dismounted another, that the prisoners they took and those that come over the 13^th^. at night were twenty seven in number.

that they had laid an ambuscade to have surprizd Johnston but y^t^. he kept close within y^e^. Fort.

That the Hon^ble^. President the 13^th^. in the morning sent M^r^. Raworth an order to command Johnston with a party of fifty men to the garden and likewise sent an order to Johnston at the same time to come upon his peril, and both these orders were deliverd but no answer returnd.

that y^e^. Presdt. had sent an ord^r^ to Johnston to command him with a ꝑty of 50 men to y^e^. garden, w^ch^. was deld. but no ans^r^. returnd.

It further advises that it appears very plain to them that M^r^. Raworths Cash is deficient about fifteen thousand Pag^s^. and that there is a difference between him & the Merchants in acco^t^. of about six more, and order us to send them copys of all the Fort St. David Cash acco^ts^. from April 1712, which are put in hand & shall be sent as soon as possible.

that Mr. Raworths Cash is defic^t^. abo^t^. Pag^s^. 15000. & that they want copys of their Cash acco^ts^. from April 1712.

The Generall letter from the President & Council in Bengall dat^d^. 4^th^. Novemb^r^. is mostly in answer to severall of our letters they had receivd, they also advise that they are making what preparations possible for sending away the present to the Mogull, having receivd an order from Court for its safe conduct thither, a copy of which in the Persian language they have sent us, (translate whereof is enterd after this Consultation) wherein we can't but observe that Cojah Seerhaad is mentioned as the English Embassador, notwithstanding the character they have given of him in a former letter [how much] he was indebted to a great man at Court, which we beleive has been contrivd by the said Cojah Seerhaad and his freinds to get him incerted in this order, which we wish may not prove of ill consequence to that affair notwithstanding English Gentlemen go along with him.

The following [Letters are read, Viz^t^.]

ffrom the Dep^ty^. Govern^r^. and Council of Fort S^t^. David dated y^e^. 11^th^. ins^t^. advising the receipt of the bill of Exchange sent them the [7^th^] instant for five thousand five hundred Pagodas, and it's being [ac]cepted.

ffrom M^r^. Thomas Faucet at Ingeram dated 30^th^. ult^o^. advising that the bales are in great forwardness, and they do not doubt of dispatching them by Christmas.

The President produces a letter of the 3^d^. ins^t^. from M^r^. Richard Farmer, wherein he pretends a right to the Deputy Government of Fort S^t^. David grounded on the Companys former orders, the said Letter [is] Enterd after this Consultation.

AGREED that M^r^. Richard Farmer having been orderd up [hither] by the last Generall letter from the Hon^ble^. the Court of Directors, ca[nnot] in our opinion, return thither till the said [Letter] is countermanded further He seems by the purport of said Letter (relating to him) to be under their displeasure on acco^t^. of his conduct when he was formerly Dep^ty^. Govern^r^. of that place, which we think sufficient reasons for refusing what he demands.

The President offers his opinion that having waited thus long in hopes the encouragement publickly offerd to such persons as should make any discovery of goods or mony belonging to Tonapa formerly [the] Warehouse Conicoply would have had some good effect before now, but finding to the contrary, thinks it would be proper to dispose of what houses and moveables he has in this place without further loss of time.

AGREED that the Justices of the Choultry do sell them at publick Outcry, and that they do make as strict enquiry as possible in order to discover what he has upon the place, reporting the same from time to time to the Board.

There being but one Ensign now in this Garrison and great disorders frequently committed in the black Town by night, for want of Commission Officers to attend the rounds and the out guards,

AGREED that the President do give Commissions to Jonathan Newman, Andrew Kennedy, & Hugh Boyde as Ensigns, being Sergeants of an old standing that have been diligent and deserving in their stations.

HON^BLE^. S^R^.

I have receivd the favour of your Hon^rs^. of the 25^th^. [...] since which we have the agreeable news here that the Fort [will] be surrenderd by M^r^. Raworth and so long as he continued [there] I had no pretensions, but when he leaves it I was appointed [to it] by the Companys orders, and thô I have been unjustly cens[urd for] warr with Serope Sing, which has occasiond my removal [whence], yet I do not apprehend thereby, that the Companys intent[ion was to put] me off the succession, therefore in duty to my Employers [and in] justice to my self, I am

obligd to put you in mind of the [orders] and to request that my pretension may be registerd in the [Generall] book, and that I made such an application to your Hon^r^. &c^a^. That your Hon^r^. may not think I have made a too preci[pitate act] herein I must crave your permission to recount a parale[ll case to] this, which not very long ago happend with relation to [my self when I] came last out of England the Company appointed me Se[cond at F^t^. The President likewise produces a Letter from Father Thom[as] de Poictiers Capuchin of the Church here, whom he has employd [at] Pontichery to sollicite the Govern[r]. and Council on this affair wher[ein the] said Father Thomas advises that one of the principall reasons [why M[r].] Raworth refused to come hither and settle his acco[t]. with us was [that] he had seen a Letter from a member of this Board to a person at Fort S[t]. Masters when next ships arrive, the Council do remain as it is till then.

ORDERD that William Nanney do act as provisionall Storekeepr., Thomas Bulkley head Searcher, and Alexander Bennett undr. Searcher at the sea gate.

The employ of Storekeeper having usually been officiated by one of this Board, 'tis Agreed that the present provision is not meant to prejudice any person of a superior standing to Mr. Nanney, only that some of them and the Secretary in particular cannot be more advantageously employd for the Companys service than where they are at present.

AGREED that the Maddapollam Yatch be dispatchd with stores for Fort St. David, to be returnd with brown cloth aud that Simon Holcombe writer be sent thither on her.

Henry Davenport demands payment of a bill of Exchange of seven hundred eighty five Pags. sixteen fanams drawn by the late Deputy. Governr. and Council of Fort St. David, value receivd of Richard Farmer his Attorney, into the Rt. Honble. Companys Cash of that place, which bill was refusd here in Consultation of the 22d. Septembr. and orderd to be repaid out of the Cash in our letter of the 25th. ditto, but never complyd with as the account of Cash makes appear.

Richard Farmer makes oath before the Worspll. the Mayor upon this matter as enterd after this Consultation.

AGREED upon debate, it is the opinion of this Board that by equity and the law of Merchants the Rt. Honble. Companys Cash is accountable for that sum.

ORDERD that the said sum of seven hundred eighty five Pagodas sixteen fanams be repaid to Mr. Henry Davenport, he giving a note of his hand to refund the said sum by himself or his attorneys, in case this matter should be otherwise judgd by fair arbitration in England.

Hon^ble^. S^r^. &c^a^.

In that days Consultation wherein you thought fit to order me down to Fort S^t^. David to take care of that Government, which by M^r^. Raworths ill management was running into the greatest confusion, I then told your Hon^r^. &c^a^. as you may please to remember that my affairs requird my going to England, from whence I have been absent near twenty years, so hopd you would be pleasd to permit me to lay down the R^t^. Having occasion to remit some money to Fort S^t^. George by bill of Exchange as usual, I paid the same into the R^t^. Hono^ble^. Companys Cash at Fort S^t^. David to the late Dep^ty^. Govern^r^. M^r^. Raworth, for which took a bill dated 29^th^. August last for seven hundred eighty five Pagodas sixteen fanams, under his and the Councils hands to receive said money from the Hon^ble^. President and Council of Fort S^t^. George, on whom said bill was drawn, but tendering the same on my arrivall here I was advisd that said bills could not be paid by reason the Hon^ble^. President &c^a^. had sent orders in a Generall Letter to Fort S^t^. David, not to draw any more bills of Exchange without their permission, to which I hereby affirm and declare that to the best of my knowledge I do not remember ever to have seen any such letter, the Dep^ty^. Govern^r^. ma[kes] no scruple or objection to receive the money, nor did the Council ma[ke] any when they signd said bill of Exchange.
